GREETINGS FROM PRESIDENT ALEXANDER

Greetings,

You are reading what could be one of the most influential documents in your life. This catalog not only represents courses and college details, but rather an important part of you discovering your future, your career, and the very best in God's plans for you.

In this catalog, you will find all the information you need about a possible college career at Trinity Bible College and Graduate School. This is, of course, important and I hope you will find that our course offerings, highly trained faculty, and very motivated staff will encourage you to enroll at this great college.

But, I hope you will discover much more. I hope you will have a sense of God's plan for you and of His desire to use you in the future. I hope you will sense that Trinity represents a committed community of Christ-following people who have your best in their hearts. The courses, the academic rigor and quality, and the facilities offered by Trinity are important, and we work hard at giving our students the best. But, we are also determined to offer an environment of care and concern where you become the person you were born to be and grow in your knowledge of God, life, yourself and the amazing world that you live in.

So, read carefully, contact us if you have any questions and I hope that we will soon be welcoming you as a student at Trinity. My wife, Carol, and I, along with our great team of faculty and staff, pray with you as you make vital decisions regarding your future.

Sincerely, in Christ,

Paul R. Alexander, PhD
President

HERITAGE

Introduction

Since 1948, the vision of Trinity Bible College and Graduate School continues to this day as we prepare men and women for the global church through equipping leaders and mobilizing Christ-followers.

Trinity continues to develop its role as a leading Pentecostal Bible College in the United States and beyond. We are preparing students to be effective, skilled individuals serving in contemporary culture.

Recognizing the diverse world in which we live, we embrace the Christian Gospel as the fundamental framework for life by training and encouraging our students to authentically serve Jesus Christ.

History

Trinity was founded in 1948, with the vision of Rev. L.E. Englar, Rev. G.L. Riffe, and Rev. W.H. Kesler. They planted a dream in the North Dakota District Council of the Assemblies of God and together, they brought the college into existence.

The first classes started at Devils Lake, North Dakota, as Lakewood Park Bible School. The school year officially commenced on October 18, 1948, with classes starting at the close of the fall harvest and ending at spring planting time. The enrollment consisted of 18 students.

From 1948 until 1960, the school grew until the Lakewood Park facilities could no longer accommodate the students. At that time the Assemblies of God church in Aberdeen, South Dakota had recently constructed a new building, and offered the use of this facility to the Bible school.

In the fall of 1960, the move was made from Devils Lake to Aberdeen, and the school's name was changed to Hub City Bible Institute. God continued to bless the school and enrollment steadily increased.

This growth spurred the need to again find larger facilities. The former Trinity Hospital building in Jamestown, North Dakota, became available, and the school moved there in the fall of 1967 where its name was changed to Trinity Bible Institute.

The University of North Dakota, Ellendale Branch, closed and the property became available in 1972. Trinity Bible Institute was able to acquire its current campus at the cost of \$1.00. The school's name was changed in 1983 to Trinity Bible College. After the addition of a graduate program in 2014, TBC changed its name to Trinity Bible College and Graduate School in 2016.

Today, the college is flourishing under the leadership of Dr. Paul Alexander, its eighth elected president. Through 70 years of educating and training, Trinity has remained committed to raising up the next generation of young men and women who will bring the good news of Jesus to people and communities everywhere.

Campus

Trinity Bible College and Graduate School is located on a beautiful 28-acre campus on the east side of Ellendale, North Dakota. Over the past 10 years, revitalization brought new life to our campus and community. In the summer of 2021, Liechty Hall (our women's residence hall) and the cafeteria located in the Student Life Center were remodeled. The historic and renovated Davidson/Dakota Hall opened in the

Fall of 2018. It houses the offices of the President, Academic Affairs, Finance, Advancement, Graduate Studies, and Faculty. Additionally, the President's House and the Armory building were completely restored. The old administration/industrial arts building was leveled and a beautiful Prayer Chapel with state-of-the-art lecture halls now stands in its place. This 13,000-square foot facility boasts an atrium, water feature, ornate stained-glass windows, and much more. Other renovated facilities include: the Fern and Jon Liechty Fitness Center, Student Life Center, Block Memorial Chapel, and the Ray Ulmer Field House. Temperature-controlled walkways link the majority of our campus.

In Fall 2022, the Roy Wead Center for the Education and the Arts was completely redesigned to house classroom and office spaces for our Education and the Arts programs. Plans are in the works for a new Music and Worship Center and an upgrade to the Student Life Center classrooms, commencing the summer of 2023. There are also plans to upgrade the Fred J. Graham Library.

Ellendale is located in southeastern North Dakota, an hour south of Jamestown, ND, and 40 minutes north of Aberdeen, SD, on U.S. Highway 281. Ellendale is a friendly, virtually crime-free community. It is an ideal place for faculty, staff, and married students to live and raise their families. A number of churches help meet the community's spiritual needs. Students may find employment in the city's stores, restaurants, banks, grain elevator, clinics, dental office, motels, nursing home, and other businesses, as well as on campus.

GENERAL INFORMATION

Beliefs

Trinity Bible College & Graduate School subscribes to the “[Statement of Fundamental Truths](#)” of the Assemblies of God.

Mission Statement

Trinity Bible College & Graduate School is committed to training and educating people with theological reflection and missional passion in order that people and communities everywhere will hear the good news of Jesus and see His love demonstrated.

Vision

Flourishing Community, Connected Learning, Missional Effectiveness

In the coming years, Trinity Bible College and Graduate School will continue to develop its role as a leading Pentecostal Bible College in the USA and beyond by championing the cause of raising and training well-equipped leaders and preparing students to be effective, skilled individuals fitted for service in today’s world. Emphasis on lifelong learning, spiritual vitality, and life skills, ensures that graduates can make a Christ-centered contribution to the communities in which they live and work. The institution consistently emphasizes the diverse world in which students live.

With the Christian Gospel as its fundamental undergirding for life, the institution ensures that students are trained and encouraged to serve Jesus Christ authentically while effectively handling complexity and diversity. The institution strives to pioneer the development of innovative training, scholarly understanding, and critical awareness as it prepares people to plant churches, enter cross-cultural ministry or the workplace in such a way as to build churches and communities that truly show the life-changing power of Jesus Christ.

The institution responds to changes in society and culture by ensuring the development of talented, highly-skilled, and motivated staff, effective governance, management and leadership. We will achieve this through the provision of well-resourced facilities, and a commitment to network in an unthreatened way with churches and institutions that share our vision for a better world through the sending and placing of well-trained Christian leaders.

Priorities

Decisions, strategies, and staffing at Trinity Bible College and Graduate School will always be within the framework of the following priorities:

- All within Trinity will consistently be encouraged to be extravagant worshippers of God, loving life, loving people, and loving God.
- It is a priority that we inspire men and women to believe that the local church represents God's plan of bringing hope to the world and that we should all be positive participants in the growth of local churches.
- We will seek to create an environment that challenges us to embrace God's world with love resulting in God being made known everywhere through works of goodness, the relevant communication of the Gospel, and effective networking.

Accreditation Statement

Alumni Association

Membership in this organization is open to those who have completed one quarter (older catalogs) or one semester from Trinity Bible College and Graduate School, Trinity Bible College, Trinity Bible Institute, Hub City Bible Institute, and Lakewood Park Bible School. Honorary membership is available for any member or former member of the Board of Directors, current or former faculty, or the spouse of any member, associate member, or honorary member.

New graduates are received as alumni following their graduation ceremony.

Trinity Alumni Association members should show an active faith in the Lord Jesus Christ. It is the purpose of association members to be a source of strength and encouragement to one another and to further the kingdom of God through their financial support of Trinity Bible College and Graduate School.

COMMUNITY LIFE

Lifestyle

At Trinity, we seek to develop an intentional Christian community of Kingdom-minded, Jesus-focused men and women who are committed to demonstrating biblical qualities of honor, unity, peace, grace, and integrity in all we do (1 Timothy 4:12-16). To support such health within our community, Trinity maintains certain standards, policies, and procedures, which are provided in the *Student Handbook*. Our standards reflect our affiliation and alignment with the doctrine and perspectives of the Assemblies of God. Enrolled students have voluntarily agreed to be a part of this community. As such, all students are responsible for knowing and abiding by the standards in the *Student Handbook*, which serves as a contract between members of our college community.

The *Student Handbook* is updated annually and available digitally. Select portions of that Handbook and other helpful information are noted in this section for convenience. Please reference the latest version of the *Student Handbook* for full information regarding Community Standards.

Campus Dress Code

Honor, wisdom, and purity should be the filters of discretion regarding the choice of dress for everyone in our Trinity Community. All clothing should be modest, neat, clean, appropriate for a Christian community, and appropriate for the event/venue in which one is participating (classrooms, residence halls, gym, etc.)

Reference the *Student Handbook* for full information.

Chapel

Trinity desires to inspire students towards personal spiritual growth and self-discipline. We provide space for those within our community to connect with God individually, as well as opportunities to worship God corporately. Chapel services are the heartbeat of our campus and are held four days per week. Every student enrolled in undergraduate classes on campus is required to attend Chapel consistently and attendance is taken daily.

Each student receives a grade of “S” (Satisfactory) or “U” (Unsatisfactory) for each semester of Chapel. This grade is determined by the student’s Chapel attendance.

- Full-time students (12 or more credits) and all Pack Your Bags students are expected to attend every Chapel period. Unexcused absences in excess of 16 per semester will result in an unsatisfactory grade.
- Part-time students taking 6-11 credits are expected to attend Chapel at least twice per week. Unexcused absences in excess of 8 per semester will result in an unsatisfactory grade. Within the first week of the semester, part-time students must designate which two days they will be attending. These days must be consistent throughout the semester and a form must be submitted to the Student Life Office. If no form is submitted, full-time student standards will apply.
- Part-time students taking 1-5 credits are encouraged to participate in Chapel as often as possible, but grades will not be assigned.

Students anticipating graduation during the academic year must have a satisfactory grade for Chapel during the two semesters immediately preceding their graduation. Those who fail to meet the requirement will not be able to graduate, receive their diploma or official transcript until this is resolved. Students must contact the Student Life Office before their last semester for any options to resolve a Chapel grade.

Unsatisfactory grades in Chapel may result in a variety of other consequences. Reference the *Student Handbook* for full information.

Church

Corporate worship experiences are a necessary and valuable element of spiritual growth. In addition to our Chapel services on campus, students should also regularly attend and actively involve themselves in a local church. It is recommended that all Assemblies of God students faithfully attend an Assemblies of God church. Students of other denominational backgrounds may choose to attend a local church that is similar to the one they are affiliated with in their home community.

Meal Plans & Cafeteria

Students residing in Trinity Residence Halls or Trinity Honor Apartments must participate in a cafeteria meal plan. All other students have the option to participate in a meal plan as well. Reference the *Student Handbook* for further information on housing and meal plans.

Counseling & Health Services

Trinity is committed to providing excellent care and support to our students. Trinity has a full-time campus counselor that is available for professional mental health care, along with the counselor, Student Life staff, faculty, coaches, and others are equipped to provide pastoral care and mentoring.

The Ellendale community provides health care through the Avera Clinic, Sanford Health Clinic, Cotter Dental, Ellendale Pharmacy Inc., and Ellendale Chiropractic Clinic. Further services are available in Aberdeen. Students are responsible for all of their personal medical care costs and are encouraged to carry medical insurance.

Health insurance is mandatory for all student athletes. Please contact the Athletic Department for further information about athletic health insurance requirements.

Housing

Trinity is a residential college and, as such, we have housing options to accommodate students of any age and marital/family status. As part of our commitment to community, any student enrolled in 9 or more credits is expected to reside in one of our Trinity Housing options, whether Residence Halls or Trinity Apartments. For purposes of classification, scholarships, fees, and meal plans, Trinity considers three housing categories: Trinity Residence Halls, Trinity Apartments (Honor and Regular), and Off-Campus.

Reference the *Student Handbook* for full information regarding housing options and requirements.

Library

The Fred J. Graham Library houses approximately 85,000 volumes and provides traditional study and classroom facilities with seating for over 100 patrons. Research and information literacy assistance, and a computer lab with color printer access are available to all patrons. Eighty-seven (87) licensed databases through EBSCO including: over 20 journal databases with thousands of full-text articles, three (3) newspaper databases,

two (2) dissertation databases, and access to over 35,000 e-books. Many more online resources are available through the library website. The library is automated for circulation, cataloging and resource sharing, and includes an online web-based catalog. ODIN, our statewide consortium, gives the college access to the collections of 63 North Dakota university, college, public, and state agency libraries.

As a member of ODIN (Online Dakota Information Network consortium), CLC (Christian Library Consortium), Minitex (Minnesota information and resource sharing program) and OCLC (Online Computer Library Center) WorldShare, patrons have access to more than 50 million items through resource sharing.

Placement Service

Graduating students looking for employment or any student exploring summer opportunities is welcome to consult with the Student Ministries Director. The Student Ministries Director maintains a current list of job and internship positions. Students are also encouraged to speak with their Academic Advisor regarding opportunities in their degree field for employment and internships.

Mail Room

Students are assigned a campus mailbox after paying a key deposit. Lost or stolen keys may be replaced with an additional deposit after properly reporting it to the Mail Room. Mail is delivered from USPS, UPS, and FedEx and distributed to campus mailboxes between Monday and Friday unless otherwise noted.

Student Ministries & GO Trips

Student Ministries is a vital part of the educational program and overall college experience at Trinity. Student Ministries provide a meaningful integration of classroom instruction and practical experience, while encouraging spiritual and leadership development in each student.

The Student Ministries Program at Trinity seeks to develop students who:

- Serve God by demonstrating His love through active service
- Serve others by actively sharing the full Gospel with the world
- Serve the church by learning to work cooperatively with pastors in ministering to the local church
- Discover spiritual gifts, grow individual ministry skills, and define their calling through engaging in a variety of ministry experiences
- Apply academic knowledge and theological reflection to practical ministry

- Grow in their relationship with Jesus and dependence upon the Holy Spirit

Every student enrolled in at least 6 credits of undergrad classes for the semester is required to participate in Student Ministries. Reference the *Student Handbook* for full information about Student Ministries requirements and processes.

Students will be given a grade of “S” (Satisfactory) or “U” (Unsatisfactory) in Student Ministries for each semester. This grade is determined by the student’s fulfillment of the specified requirements.

- Full-time students (12 or more credits) must complete 15 hours of Student Ministries per semester and participate in GO Trips (Global Opportunity Trips).
- Part-time students taking 6-11 credits must complete at least 10 hours of Student Ministries per semester and participate in GO Trips.
- GO Trip participation is in addition to the required Student Ministries hours. Students

will only receive an “S” for Student Ministries for the spring semester if they have also completed the listed GO Trip requirement and submitted a GO Trip evaluation.

Each spring semester, our entire campus participates in GO Trips. GO Trips are cross-cultural experiences, led by Trinity faculty or staff, which provide for the integration of academic knowledge with practical

experience. GO Trips are a core element of Trinity's commitment to equip students with the passion, knowledge, and skills to minister in a global society!

- Full-time students enrolled in 12 or more credits for the spring semester must fully participate in one of the approved GO Trips.
- Part-time students enrolled in 6-11 credits for the spring semester must participate in at least two days of the official Trinity "Regional Trips."
 - Part-time students also have the option to participate in a full trip.

All unsatisfactory Student Ministries grades must be made up in subsequent semesters before graduation. Students will not be allowed to graduate with a grade of "U" in any semester. Consult with the Student Ministries Director for options to make up an unsatisfactory grade. Other consequences also apply for a failure to fulfill Student Ministries requirements. Reference the *Student Handbook* for full information.

Community Accountability & Student Conduct

When a student fails to meet the standards that he/she has agreed upon by enrolling at Trinity, we are obligated to care for our student and community well by holding him/her accountable. The goal of our processes of Community Accountability is always growth of the individual and restoration to the community, when possible. Full information regarding our processes of Community Accountability and internal judicial action is available in our *Student Handbook*.

Trinity uses a system involving violation points (often referenced as “points”). This system provides for consistent accountability to our Community Standards. Accumulation of violation points leads to clearly defined consequences as noted throughout the *Student Handbook*. Judicial Action and consequences for students are only based on the total accumulated points from: their last two semesters of enrollment at Trinity plus the current semester. We refer to this as a “rolling points total.”

Students are ineligible for graduation with a rolling points total of 50 or more, unless alternate conditions set by the Judicial Committee have been met.

Requirements

Applicants should give evidence of a sound moral character and a personal conversion through a “born again” experience.

Applicants should be at least 17 years of age and have graduated from an accredited secondary school or hold a high school equivalency certificate.

Students are not required to take either ACT or SAT standardized tests. In place of these standardized tests, students may be required to complete Trinity’s in-house Math or English placement exams at the institution’s discretion. Although ACT/SAT scores are not required for admission, some of Trinity’s scholarships are based on ACT/SAT scores and choosing to forgo these standardized tests may have an impact on academic scholarship qualifications.

If an applicant has an ACT composite score of less than 18 and/or a high school GPA of less than 2.0 and/or a low class rank, their application will be reviewed. If accepted, the applicant may be put on a reduced academic load or probation, and will also be assigned to the Academic Support Center (also known as the ASC Lab). Accepted students who test low in both Math and English will be assigned ASC Study Labs by the Records office.

Students are strongly encouraged to have their application file and FAFSA complete before arrival on-campus. Students with incomplete files may be provisionally registered; however, their file must be completed within the first two weeks of a regular semester or by the first

add/drop deadline of a non-traditional semester. Any provisionally registered student whose application file remains incomplete at the end of this designated grace period will have his/her provisional registration revoked and college removal procedures will ensue.

Applicants meeting Trinity Bible College and Graduate School's admissions requirements are considered without regard to race, sex, or disability.

Trinity Bible College and Graduate School reserves the right to change, update, or amend the requirements for admission at any point in time without prior notice.

Admissions Checklist

Application for admission includes:

- Complete application forms
- Non-refundable application fee
- Official high school transcript with graduation date
- Pastoral reference
- Character reference
- Personal essay

Transfer Students

Students transferring from other colleges or universities will follow the Admissions Checklist and the following:

- Arrange for all official college/university transcripts to be sent to Trinity Bible College and Graduate School
- Bachelor of Arts students must take the last 30 credits from TBC & GS to graduate from Trinity.
- Associates of Arts students must take the last 15 credits from TBC & GS to graduate from Trinity.
- Grades of "C -" or better will be considered for transfer credit. No Pass/Fail grades are accepted.

Students transferring from a non-accredited institution may transfer a limited number of credits (see *Non-Accredited Institutions* under *General Academic Information*).

- Such credits will be transferred after students have successfully completed one academic year with a cumulative GPA of 2.00 or higher.
- Students meeting the GPA criteria will have credits approved for transfer and the credits will be placed on the academic transcript at that time.

- Students failing to meet the GPA criteria after the year-long grace period will no longer be eligible to receive those credits in transfer and they will then need to take those courses at Trinity.

Reapplication

If students in good standing leave the college for a period of one full semester or longer and would like to resume enrollment, the following re-admission steps should be taken:

- The student will complete the Re-Admittance Application form.
- The student will submit new pastoral reference
- The Enrollment Office will verify that the re-applicant is in good standing with regards to all institutional (academic, financial, library and Student Life) obligations.
- If the applicant is not in good standing with all existing institutional obligations, it is the applicant's responsibility to initiate contact with the department in which there is an outstanding issue and take the steps necessary to resolve the outstanding issue as well as obtain clearance from the department director or the Dean.
- Prior to registration, transcripts for all college work completed elsewhere during the period when not enrolled at Trinity must be submitted or, if the student does not want to transfer credits into Trinity, a Waiver of Transfer Credit Hours must be signed.

Students who re-apply will enter under the current catalog. Students who return within one (1) academic year may petition to remain in the same academic program as described in the catalog under which their program began. Information is available in the Academic Records Office.

High School Dual-Enrollment

High school or home-schooled students who apply at the Enrollment office and are granted permission to take on-campus or online courses that can count for both high school and college credit will be considered dual-enrolled students. To ensure that credits are applicable towards high school graduation requirements, students should first consult with their school administration, state requirements, and any high school or home school associations necessary. The application for dual-enrollment can be requested from the Enrollment office. Traditional high school attendees and homeschoolers must submit a

transcript to the records office. ACT testing is strongly encouraged to do placement into Math and English.

Dual-enrolled high school students must abide by the policies in academics and behavior of both TBC & GS and their high school while on the TBC campus. Forms for compliance must be filled out in the Enrollment office.

A minimum cumulative high school GPA of 2.50 is required to be a dual-enrolled student. Students with a 2.00 to 2.49 cumulative GPA may be allowed to enroll for one course on a trial basis. If the high school student does not maintain a 2.50 GPA or does not abide by TBC & GS behavior requirements, they may be asked to withdraw.

Dual-enrolled students receive reduced tuition and fees. The state of North Dakota requires 10th-12th grade status for dual enrollment. Students who are enrolled in a college course for the purpose of high school credit are unable to receive federal financial aid.

Prospective high school students and their parents will be interviewed to assess whether they are ready for academic rigor and social interactions with older students. The deadline for dual enrollment with both high school and TBC & GS is August 1st.

Some courses may be limited in size and the first priority will be toward the traditional TBC & GS students.

FERPA: If a student (at any age) is attending a postsecondary institution, the rights under FERPA have transferred to the student. However, in a situation where a student is enrolled in both a high school and a postsecondary institution, the two schools may exchange information on that student. If the student is under 18, the parent/guardian still retains the rights under FERPA at the high school and may inspect and review any records sent by the postsecondary institution to the high school.

International Students

In addition to the requirements for admission, students who are not citizens of the United States must provide a certified financial statement or evidence of the availability of adequate support to complete a program of study without institutional assistance. The Test of English as a Foreign Language (TOEFL) may be required of applicants whose primary language is not English. To begin the process of study in the states please visit www.ice.gov/sevis.

TBC & GS accepts only F-1 students. The registrar is the campus contact for international students.

For international transfer credit, refer to *Transfer Credits*.

FINANCIAL INFORMATION

Basic Costs

Trinity Bible College and Graduate School seeks to conduct its activities with economy of operation and reasonable costs to students. Students are charged tuition and fees to cover part of the cost of operating the college. The college reserves the right to change tuition and fees during the period covered by this catalog.

Financial Responsibility

It is expected that all tuition, fees, room and board charges are paid in full before the first day of the semester.

Students who cannot pay for the semester in full before the first day of the semester must request a deferred payment plan. This plan must be approved by the Student Account Manager and the first payment must be made before the first day of the semester. The balance due is after all Trinity scholarships, grants, private scholarships, federal financial aid, and other financial assistance has been applied.

TBC & GS' policy is that students will not receive grade reports or copies of their official transcripts until satisfactory arrangements have been made to meet any obligations incurred with any department of the college.

Any student with an outstanding balance who has not made appropriate arrangements with the Student Account Manager may not attend classes. Please contact the Student Accounts Manager to make payment arrangements.

Financial Assistance

Financial assistance is available to help students meet their financial obligations to the college. This assistance includes, but is not limited to, Federal Title IV Aid, state aid, institutional scholarships, private donor scholarships, Veteran's Benefits, and alternative educational loans. Eligibility for financial assistance is based upon completion of the Free Application for Federal

Student Aid (FAFSA) and determined by the class designation of the student. It is expected that all arrangements for financial assistance should be made prior to the first day of classes. All financial aid files must be completed prior to the disbursement of any financial assistance.

If a student withdraws before the financial aid census date (the posted add/drop date), they will not be eligible to receive any TBC & GS scholarships or grants.

For detailed information concerning eligibility requirements, application materials, and additional scholarships that may be available, please contact:

Student Responsibilities

- Students are responsible for reviewing all information about Trinity's academic and financial aid programs.
- Students are responsible for fulfilling all financial obligations with personal resources or financial aid. Failure to fulfill this responsibility could result in suspension and may prevent continued enrollment.
- Students are responsible for accurately completing all appropriate application forms and other necessary documentation as well as submitting these on time to the appropriate offices.
- Students are expected to keep copies of all relevant documents used in preparing financial aid applications such as tax forms, tax schedules, and W-2 forms.
- Students must complete required financial aid documents within 30 days of the last day to register for courses.
- Students with incomplete or missing documents could be suspended and may be prevented from continued enrollment. Students must complete the verification process before the planned term of enrollment.
- Students must notify the Financial Aid office of additional outside funds received from sources not previously reported or if a Bachelor of Arts degree is earned during the academic year in which they received aid.

- Students will be responsible for repaying any funds received for which they are determined to be ineligible.
- Students must maintain satisfactory academic progress toward the completion of their degree program. See Satisfactory Academic Progress Policy in this section.
- Students must maintain satisfactory attendance in all courses for which they are enrolled. See Attendance Policy under General Information.

Deferred Payment Plan

There is a \$75 fee each semester to participate in the deferred payment plan option. Payments must be made on-time to continue participation in this payment option for future semesters.

Deferred Payment Schedule

After all estimated financial assistance has been applied to a student's account, the remaining balance may be placed on a payment plan. The first payment is due before the first day of classes. The remaining payments are due on the first of each month. Students who fail to meet the payment schedule will receive a late fee. If a student is on a deferred payment schedule, a Student Billing Hold will be applied to their account. Once the student clears their outstanding balance, the hold will be removed. Students will not be allowed to register for courses in the following semester if they are behind on their payment plan or have an outstanding balance.

Withdrawal Policy - Financial Aid

Trinity assumes certain financial obligations based on student enrollment as recorded at the beginning of a new school year. A withdrawal policy that is fair for both students and the college is essential; therefore, the following policy has been adopted:

- Students who desire to withdraw from all of their classes shall obtain a Withdrawal Form from the Academic Records office. Academic Records will then notify the Financial Aid office (and other necessary offices) of the intent to withdraw. Students who do not inform the Academic Records office will be treated as walk-off students and considered an unofficial withdrawal.
- Since TBC & GS' attendance policy requires instructors to keep records of attendance, the official date of withdrawal will be the last documented day of attendance in any class for which they are registered.
- Census Date: If a student withdraws from a class after the financial aid census date, no changes will be made to their financial aid unless the student withdraws from all classes in the semester.
- The last documented day of attendance in each class may be used with the withdrawal to calculate the return of federal funds.

- Withdrawals will be subject to the Student Account Refund Policy (see Refund Policies)
- A withdrawal fee of \$100 will be assessed for all withdrawals.
- Students who withdraw will not be eligible to have their dorm and key deposits credited to their student account unless they complete the withdrawal process, Student Life exit interview, and room check-out.
- Students must return the completed Withdrawal Form to Academic Records. At that time, the student will be informed of the offices or individuals whose signatures on the Withdrawal Form must be obtained to complete the withdrawal process. The Financial Aid office must perform a return of Title IV Funds (Federal Financial Aid) calculation for all students withdrawing from all classes.
- In cases where the return of Title IV Funds calculation creates a balance due from the student, the student must make payment in full at that time or sign a repayment agreement with TBC & GS. Federal funds that must be returned on federal grants or loans will then be the responsibility of TBC & GS, with the student paying the indebtedness to TBC & GS through the aforementioned repayment agreement unless the calculation requires the student to return federal funds directly to the Department of Education.
- Unless otherwise directed by federal financial aid requirements or the student's parents (for PLUS loans), adjustments and refunds will be made to the student.

Financial Aid Eligibility

Financial Aid is based on an academic award year of July 1 to June 30. In order to obtain financial aid, students must:

- Complete an application to attend Trinity Bible College and Graduate School
 - This application will provide Trinity with information for students' institutional scholarship packages. An application can be obtained from Trinity's website at www.trinitybiblecollege.edu or by calling 1-800-523-1603.
- Apply online for a Department of Education FSA ID
 - The FSA ID will act as a digital signature for most financial aid documents. Students and their parents can do this at any time by going to www.fsaaid.ed.gov.
- Fill out the Free Application for Federal Student Aid (FAFSA)
 - Students are encouraged to apply immediately after October 1st for the upcoming academic award year by going to www.fafsa.ed.gov. The FAFSA will help Trinity determine students' eligibility for federally-funded financial aid. Students will need to do this for every year they are in college.
- Be accepted and enrolled as regular students in a degree seeking program of study
 - See *Academic Programs*

Length of Trinity-Funded and Financial Aid Eligibility

The maximum length of eligibility for aid is 8 semesters for a Bachelor of Arts (BA) degree and 4 semesters for an Associate of Arts (AA) degree. If a student requires more than the pre-approved number of semesters to complete their degree, the student can submit an appeal to the Scholarship Committee for continued Trinity-funded Scholarships.

Students who have completed an Associate of Arts degree at Trinity may be eligible for financial aid for an additional degree. If students wish to obtain a second degree of the same level (e.g. a second Associate of Arts after completion of an Associate of Arts degree), they will be eligible to do so as long as the length and credits needed do not exceed any remaining eligibility unused by the first degree. If students wish to obtain a degree of a greater level (e.g. a Bachelor of Arts degree after completion of an Associates of Art degree), they shall be treated as transfer students for determination of remaining eligibility. All Trinity courses, regardless of when they were attempted, will be used to calculate students' GPA. All course work will be reflected on the academic transcript.

Satisfactory Academic Progress Policy

In order to receive Federal Financial Aid under the programs authorized by the Department of Education guidelines, students must maintain satisfactory academic progress (SAP) in the course of study they are pursuing.

SAP will be monitored after each semester for all students. All periods of enrollment count toward SAP, including when a student does not receive further Title IV payments. Notifications will be sent to those on warning or appeal status after each semester midterm. Satisfactory Academic Progress is measured by three components:

1. Cumulative Grade Point Average (CGPA)

Students are required to maintain a cumulative GPA of at least 2.0 to be eligible for federal financial aid. Satisfactory Academic Progress is measured for all students after each semester. If a student falls below a 2.0 cumulative GPA, the student will receive a written warning from the Financial Aid Office. Failure to meet the minimum 2.0 cumulative GPA after two (2) consecutive semesters will result in suspension of the student's financial aid eligibility.

All incomplete grades will be counted against a student's cumulative GPA at the end of the semester when the SAP report is run and the Financial Aid Office performs the process of determining SAP. When the incomplete grade is changed to an actual grade

the student's file will be re-evaluated. Transfer credits are not included in the calculation of the cumulative GPA but are included in the student's rate of progress.

When retaking a class, only the most recent attempt at the course is used to calculate the cumulative GPA. Grades received for remedial courses do not count toward a student's GPA.

2. Cumulative 67% Rule (ROP)

This component measures the rate of progress (ROP) towards completion. Students must complete and satisfactorily pass 67% of all credit hours attempted at Trinity. Students must complete enough hours to finish their program within the maximum time frame. Quantitative progress is determined by dividing the number of credit hours attempted by the number of credit hours completed. Credit hours attempted include: completed hours, transfer credits, W's, WP's, WF's, and repeated courses. Failure to comply with this component will result in suspension of students' financial aid eligibility. A warning will be given after one semester, with financial aid suspension after two consecutive semesters.

Dropping a class/s before the official add-drop date of each semester does not affect the completion rate. Dropping a class/s after the official add-drop date will affect the completion rate.

3. Cumulative 150% Rule (MTF)

The Maximum Time Frame (MTF) for completion of all programs below the master's level is limited by federal regulations to 150%. To remain eligible for Federal Financial Aid, the MTF needed to complete a program of study cannot exceed 150% of the published length of the program measured in credit hours attempted. For example, if the published length of required credit hours for a program is 128 hours, the maximum period must not exceed 192 (128×1.5) attempted credit hours. If the published length of required credit hours is 64 hours, the maximum period must not exceed 96 (64×1.5) attempted credit hours. Students must complete enough hours to finish their program of study within the MTF. MTF pace must be measured at each evaluation. Remedial courses are not to be included when determining pace. To determine the pace progress, divide the cumulative number of credit hours completed by the cumulative number of credit hours attempted. When calculating pace, transfer credits will be counted that apply toward the current program.

Changing Programs of Study

A student transferring from one program to another has to withdraw from one program before enrolling in another program. A student may be awarded transfer credits for the common courses among the program a student has withdrawn from and the program a student will be joining. In-house transfer credits are included in the calculation of the cumulative GPA and the rate of progress. Additionally, the transfer-in hours are counted toward the 150% Maximum Time Frame.

The process requires the student to submit a completed online “Academic Program Change” form with all appropriate signatures. If a student changes their program after the add/drop date, the change will take effect in the following semester.

Enrolling in a Second Program of Study

If students wish to obtain a second degree of the same level (e.g. a second Associate of Arts after completion of an Associate of Arts degree), they will have eligibility so long as the time and credits needed do not exceed any remaining eligibility unused by the first degree. If students wish to obtain a degree of a greater level (e.g. a Bachelor of Arts degree after completion of an Associates of Art degree), they shall be treated as transfer students for determination of remaining eligibility. All Trinity courses, regardless of when they were attempted, will be used to calculate students’ GPA. All course work will be reflected on the academic transcript. SAP-status will be applied in continuation, but Maximum Time Frame (150%) of each program will be counted separately. For financial aid eligibility on enrolling in a second degree, refer to Length of Trinity-Funded and Financial Aid Eligibility.

Warning Letter, Probation, Suspension of Financial Aid, and the Appeal Process

When a student does not meet the standards as stated above, the following process will take place:

1. Financial Aid Warning

After the first semester of not meeting Satisfactory Academic Progress (SAP) standards, a warning notification from the Financial Aid Office will be sent to the student. The notification will inform the student that they are not making SAP and, therefore, are in danger of losing financial aid eligibility. For the following semester, the student may continue to receive federal aid on Financial Aid Warning status. All students who receive an initial warning letter will be required to seek help academically from the Academic Success Center (ASC). They will be registered for assigned times in the ASC Lab during registration.

2. Financial Aid Probation

After two consecutive semesters of not meeting SAP standards, a student will lose their financial aid eligibility. The student will receive notification and an explanation. A student who fails to meet SAP must successfully appeal to be placed on warning. Loss of federal aid due to not making SAP will also result in the loss of all Trinity scholarships. This loss of eligibility will be for the following semester. Eligibility may be regained when it is determined that the student is meeting the SAP standards.

Refer to the following scenario as an example: A student with a 1.93 Cumulative GPA at the end of the Fall semester will receive a warning notification. If the cumulative GPA has fallen to a 1.85 at the end of the Spring semester, the student will then be suspended from receiving any more federal financial aid and Trinity scholarships. After one semester on probation, the student must make SAP or meet the requirements of the academic plan. For the following Fall semester, the student will pay the charges without financial aid and bring their cumulative GPA back up to at least a 2.00. The student's financial aid will then be restored in the following Spring semester.

3. SAP Appeal Process

Along with the notification of probation status, an appeal form will be sent to the student, which will provide an opportunity to appeal for continued financial aid. An appeal will only be granted for mitigating circumstances, such as a death in the immediate family, a prolonged illness that is documented by a physician, or an equally serious circumstance that interfered with the student's ability to meet the standards of SAP. The appeal form must be completed and submitted to the Financial Aid Office in order for the SAP committee to determine if the appeal should be granted.

If an appeal for continued financial aid is granted, the appeal will only be valid for one semester. The student must meet with the Academic Affairs Office to complete a well-documented written plan stating the student's goals for the semester. This academic plan must ensure that the student is able to meet SAP standards by a specific point in time. They will be referred to Trinity's ASC Lab and a copy of the plan will be filed in both offices. All decisions of the SAP committee are final. SAP will be checked again at the end of that semester to determine if the student is once again making adequate progress. The deadline for filing an appeal is one week prior to the start of the semester.

Waiver of Satisfactory Academic Progress Policy

The regulatory authority for waiving the satisfactory academic progress requirements is contained in Public Law 99- 498 Section 484 (c) 3.

Current students who desire to apply for a waiver for the SAP policy must file an appeal at least one week prior to the start of the semester. Students who receive a waiver shall receive 100% of any federal, state, or other aid funds for which maintenance of SAP is required.

Grade Changes

Only those grade changes that are processed prior to the SAP appeal deadline shall affect students' satisfactory academic progress status. Students who replace a course grade by transferring in credits shall not be able to alter their SAP status.

Federal Financial Aid Return Policy

Student Financial Aid (SFA)

Trinity is certified by the U. S. Department of Education as an eligible participant in Federal Student Financial Aid (SFA) programs established under the Higher Education Act of 1965 (HEA), as amended (Title IV programs). The school is required to determine earned and unearned portions of Title IV aid for students who cancel, withdraw, drop out, are dismissed, or take a leave of absence prior to completing 60% of a payment period or term.

Return of Title IV Funds Calculation and Policy

Federal Financial Aid Refunds - Return of Title IV Calculation

A student recipient of Federal Title IV funds (i.e., Federal Pell, SEOG or TEACH grants or Perkins, Direct or PLUS loans) who withdraws from Trinity Bible College and Graduate School before completing 60% of the term is subject to the Return of Title IV Calculation to determine the percentage of Title IV funds required to be returned to the federal government. The Return of Title IV calculation is a federally mandated formula to determine how much federal funding was "earned" up to the time of withdrawal.

The Title IV funds that were disbursed in excess of the earned amount must be returned to the federal government by the college and/or you. If you received a refund from financial aid, which was to be used for education-related personal expenses or housing expenses, you may be required to return a portion of those funds to the college. This portion represents funds that were intended to pay your education-related expenses through the end of the semester. The amount to be returned to the college will be determined by your institutional costs, refunds you

might have received for non-institutional expenses and the funds that must be returned to the government.

The amount to be returned to the federal government will be calculated from the date you officially withdrew from classes or, in the case of an unofficial withdrawal, the last date of documented attendance in the semester. An official withdrawal occurs when a student follows the published process for withdrawing from the college prior to the end of the term, see College Withdrawal.

To determine the amount of aid you earned up to the time of withdrawal, the Financial Aid office will consider the percentage of the semester you attended. The percentage used to determine the return of federal student aid funds is equal to the number of calendar days remaining in the semester divided by the number of calendar days in the semester. Scheduled breaks of more than five consecutive days are excluded. The resulting percentage is then used along with your institutional costs and total federal funds that you received (funds that were disbursed directly to your student account and possibly refunded to you) or that you were eligible to receive in order to determine the amount of aid that you are allowed to keep.

Any unearned Title IV aid must be returned to the federal government within 45 days of the date of the determination of your withdrawal. The Financial Aid office will notify you with instructions on how to proceed if you are required to return funds to the government. Any funds returned after the return of Title IV Aid calculation is completed and processed are then used to repay Trinity's funds, state funds, other private sources, and the student in proportion to the amount received from each non-federal source as long as there was no unpaid balance at the time of withdrawal. All aid sources are repaid before any funds are returned to the student.

Funds that are returned to the federal government are used to reduce the outstanding balances in individual federal programs. Financial aid returned by you and/or your parent or the college must be allocated in the following order:

1. Federal Unsubsidized Direct Loan
2. Federal Subsidized Direct Loan
3. Federal Perkins Loan
4. Federal Direct Parent Loan (PLUS)
5. Federal Direct Grad Plus
6. Federal Pell Grant
7. Federal Supplemental Educational Opportunity Grant (SEOG)
8. Federal Teach Grant

A student may be eligible for a post-withdrawal disbursement if, prior to withdrawing, the student earned more federal financial aid than was disbursed. If a student is eligible for a post-withdrawal disbursement for Title IV funds, it will be processed for the student and a refund will be issued within 14 days of the credit balance.

If the post-withdrawal disbursement includes loan funds, Trinity must obtain the student's permission before it can disburse the loan. Students may choose to decline some or all of the loan funds so that s/he does not incur additional debt. A notice will be sent out to the student, and the signed, original document must be returned to the college within 14 days.

Trinity may automatically use all or a portion of the post-withdrawal disbursement of grant funds for tuition and fees. However, the college needs the student's permission to use the post-withdrawal grant disbursement for all other non-institutional charges. If the student does not give his/her permission, the student will be offered the funds. However, it may be in the student's best interest for the college to keep the funds to reduce the student's debt at the college.

It is also important to understand that accepting a post-withdrawal disbursement of student loan funds will increase a student's overall student loan debt that must be repaid under the terms of the Master Promissory Note. Additionally, accepting the disbursement of grant funds will reduce the remaining amount of grant funds available to the student should the student continue his/her education at a later date.

Official and Unofficial Withdrawal

For Official and Unofficial Withdrawal regarding Title IV Funds, see Withdrawal Policy-Financial Aid.

Refund Policies

Trinity assumes certain financial obligations based on student enrollment as recorded at the beginning of a new school year. A refund policy that is fair for both students and the college is essential; therefore, the following policies have been adopted:

Any time a student has surplus funds on their account after all institutional charges have been applied, they will receive a check for the amount of the credit balance. Checks will be issued within 14 days of the occurrence of the credit balance. If a student wants to apply the credit balance to cancel part or all of a federal loan, they should bring the check back to Student

Accounts and notify Financial Aid. However, a \$30 fee will be added onto the student's account to cover the cost of voiding the check.

Tuition and Room Refund Schedule:

- 1st week of classes (including registration): 95% refund
- 2nd week of classes: 75% refund
- 3rd week of classes: 50% refund
- 4th week of classes: 0% refund

General Fee and Meal Plan Refund Schedule:

- First 8 Weeks of Classes (including registration): prorated based on time spent on-campus
- Last 8 Weeks of Classes: no refund

Refund Schedule for My Trinity Online, Summer Term, and Graduate Programs:

- 1st day of classes: 95% refund
- 2nd day of classes: 50% refund
- 3rd day of classes: 25% refund
- 4th day+ of classes: 0% refund

Winter Term:

- Prior to the beginning of the module: 100% refund
- After the first day of the module: 50% refund
- Second day and after of the module: 0% refund

Trinity assumes certain financial obligations for each student. Therefore, some fees are **non-refundable**:

- Independent Study fees
- Music fees
- Withdrawal fees
- Sports fees
- Late fees
- Library fees
- Fines

GENERAL ACADEMIC INFORMATION

Programs*

Associate of Arts (AA)

AA degrees are offered in Biblical Studies, Business Administration, Church Ministries, Intercultural Studies, and General Studies.

Bachelors of Arts (BA)

Every BA graduate from TBC & GS earns a BA in Biblical Studies. Students can choose to complete a double major by pairing any of the following majors with Biblical Studies: Business Administration, Community and Humanitarian Services, Exercise Science, General Studies, Intercultural Studies, International Entrepreneurship, Marketing Communication, Ministry (Children's Ministry, Pastoral Ministry, Worship Ministry, and Youth Ministry), and Teacher Education (Elementary Education, Secondary English, and Physical Education).

Minors

Minors are available in the following areas: Advanced Personal Training, Business Administration, Church Ministries, Coaching, Early Childhood/Kindergarten (available only with Teacher Education: Elementary Education), Intercultural Studies, Music, Middle Eastern Studies, and Theology.

5-Year BA/MA

Some BA and MA degrees may be completed together in five years (see *Program Details*).

Master of Arts (MA)

MA degrees are offered in Global Theology, Missional Leadership, Rural Ministries, Chaplaincy, and World Religions.

Doctor of Philosophy (Ph.D)

A Ph.D degree is offered in Practical Theology.

*Trinity Bible College and Graduate School reserves the right to change, update, or amend the requirements for individual programs at any point in time without prior notice.

Academic Calendar

Trinity Bible College and Graduate School undergraduate programs follow a semester system. There are two regular semesters: Fall and Spring. Optional Winter and Summer sessions may be available.

Trinity graduate programs offer multiple intensive modules throughout the year.

Student Classification

Students are identified according to the following designations:

Designation	Criteria
Full-time	<u>Undergraduate</u> : enrollment of 12 or more credits per semester <u>Master of Arts</u> : enrollment of 9 or more credits per semester <u>Doctor of Philosophy</u> : enrollment of 7 or more credits per semester
Part-time	Less than full-time
Classified	Degree-seeking students
Unclassified	Non-degree-seeking students
Dual-enrolled	High school students taking college courses
Audit	Students enrolled in a course for non-credit purposes
Freshman	Students with 0-30 credits completed
Sophomore	Students with 31-60 credits completed
Junior	Students with 61-90 credits completed
Senior	Students with 91+ credits completed
Graduate Student	Graduate degree-seeking students

7-1-1-7 Semester Format

TBC & GS is a semester-run institution with classes running the traditional 16 weeks. In Fall 2023, Trinity is launching a new semester format alongside the traditional 16 weeks: 7-1-1-7.

Under this format, each semester is comprised of four sessions: one full 16-week semester session, two 7-week sessions, and a one-week intensive.

The seven-week sessions have courses scheduled in longer blocks to ensure that each course meets the time requirements for its designated credits. An example is a 3-credit course scheduled for a 75-minute session four days a week.

The one-week intensive allows the college to offer all students a World Engagement course focusing on contemporary topics through a Biblical lens in the Fall and for GO Trips in the Spring.

Quick Reference	
Session 1	1st 7-week session
Session 2	2nd 7-week session
Session 3	Full 16-week session
Fall: Session 4	Fall intensive week
Spring: GO Trips	Spring GO Trips week

Academic Load

The typical undergraduate credit load at Trinity is 15 hours each semester.

Class periods run 50 minutes in length per credit during a 16-week session or 75 minutes in length per credit during a 7-week session. For instance, a 3-credit course meets for 3 50-minute class sessions for 16 weeks whereas a 3-credit course meets for 75 minutes for 4 days a week for 7 weeks.

Credit Overload

An overload is defined as more than 18 semester hours attempted for credit in any academic semester. Semester overload will need written approval by the Dean of Undergraduate Studies.

Excluding credits for internships, students may take no more than 21 classroom credits per semester or 2 classes (6 credits) during Summer sessions.

Academic Advisement

Academic advisement is provided concerning areas of study, course schedules, and effective study habits. Students are assigned academic advisors who will help them plan a course of study for each semester. Records of academic progress are kept by advisors and utilized during advising sessions. Advising can also be provided by the Academic Records Office and the Dean of Undergraduate Studies.

Course Cancellation by Administration

The college administration reserves the right to cancel any course which is deemed to have insufficient enrollment.

Extracurricular Activities

A variety of activities, clubs, ministry teams, and athletic teams are available for students. While we encourage extracurricular involvement, students should manage their time and commitments wisely so as not to hinder their academic success. Students participating in extracurricular activities must maintain certain standards, including academic standards, student conduct, Student Ministries requirements, and Chapel requirements. Students failing to meet standards in any of these areas are placed on Extracurricular Restriction. The definition and boundaries of such can be found in the *Student Handbook*.

Add/Drop and Withdrawal Policy

Students may add or drop courses before the posted add/drop deadline within the first two weeks of the semester. Courses dropped by this deadline do not remain as part of the student's record. Students see their academic advisor to add or drop courses during this period.

A grade of "W" (withdrawal) will be given if students drop a course after the first two weeks but prior to the posted deadline approximately half way through the semester. Students pick up the

course withdrawal form in Academic Records, secure the appropriate signatures, and return the form to Academic Records by 5 PM on the specified due date.

Students who withdraw from a course after midterm will receive a grade of “WP” (withdraw passing) or “WF” (withdraw failing). The last day students may withdraw from a course for any reason will be the posted date, two weeks before the week of final exams.

If a student drops below full-time status of 12 hours, financial aid may be adversely affected. Resident students dropping below 12 hours may be asked to move out of campus housing. Grades of “W,” “WF” or “WP” are considered unsatisfactory and will count in determining a student's satisfactory academic progress for financial aid purposes.

College Withdrawal

Students who withdraw from Trinity during a semester must complete the official Withdrawal Form online. The form must be filled out and submitted before official withdrawal can be completed. A fee will be assessed for all withdrawals (See *Withdrawal Policy* under *Finances*). Failure to comply with the college withdrawal policy may result in failing grades for all courses for that semester and ineligibility for financial refunds.

Walk-Off Policy

Students will be considered “walk-offs” if they have stopped attending classes **or** vacated their Trinity student housing, Ellendale address, or permanent address for a period of three consecutive weeks without notifying the Academic Records Office or the Student Life Office. Such students will be withdrawn from the college (for further information see *Withdrawal Policy* under *Finances*).

The Academic Records Office will notify faculty and staff of a “walk-off,” in which case all attendance will be logged immediately and the student will be administratively withdrawn from the school.

Leave of Absence

A leave of absence (LOA), for return of title IV funds purposes, is a temporary semester interruption in a student’s program of study. A LOA is not required if a student is not in attendance only for an institutionally scheduled break. However, a scheduled break may occur during a LOA. A LOA must meet certain conditions to be counted as a temporary interruption in a student’s education instead of being counted as a withdrawal.

The student must make a LOA request, in writing, to the Academic Records Office and the Academic Affairs Office one month before the start of a semester. The request must include: the reason for LOA, the time off requested, and when they will return.

- The request must be approved by both offices and a copy placed in both offices.
- There must be a reasonable expectation that the student will return from the LOA.
- The LOA, together with any additional leaves of absence, must not exceed a total of 180 contiguous days in any 12-month period.
- A student returning from the LOA must resume training at the same point in the academic program that he or she began in the LOA.
- If the student is a Title IV loan recipient, Trinity will explain to the student, prior to granting the LOA, the effects that the student's failure to return from the LOA may have on the student's loan repayment terms, including the expiration of the student's grace period. Upon the student's return from the leave, he or she continues to earn the federal student aid previously awarded for the period.
- Students who do not return at the end of the leave will be withdrawn and must re-apply to the school.
- Medical or emergency leaves require receipt of all documentation one month prior to re-admittance.
- Military deployment must follow the protocol with the VA. Please visit with the on-campus VA representative.

Program Change

Students who wish to change academic programs must complete the Change of Program Request Form online. A processing fee may be charged for this change in program.

Students are strongly encouraged to complete all program changes before their first semester of their junior year for a BA and by September 30th of their sophomore year for an AA. Changes may result in additional credit requirements that could add cost and time to their programs.

Transcripts

Transcript requests are now processed through the National Student Clearinghouse. This enables us to send secure official transcripts via email and speeds up the entire transcript request process. Transcript requests can be found on the Trinity website at <https://trinitybiblecollege.edu/academics/academic-records>. Follow the instructions on the website to place your order.

Current students and recent graduates may download a free unofficial transcript directly from Populi through the following process:

- Log into Populi at <https://trinitybiblecollege.populiweb.com/>
- Under “Student,” select “Transcript Actions.”
- You can click on “Export Transcript” and then print as a PDF. It is recommended you save a copy for yourself for easy access later.

Students will not be issued official transcripts if they have outstanding bills with any office of the college or if student loans are in default. Questions may be directed to the Academic Records Office via phone at 701-349-5796 or via email at registrar@trinitybiblecollege.edu.

Non-Traditional Credit

CLEP Tests and Advanced Placement

College credit by examination is possible through a College Level Exam Program (CLEP) test. General examinations are offered in a variety of subjects.

CLEP tests should be taken prior to students’ senior year. A fee payable to CLEP is required at the time of testing. The American Council on Education (ACE) Guidelines for credit will be followed.

If you wish to take the test on campus, you will need to go to <https://cleportal.collegeboard.org> and create an account, pay for the exam there, and print the CLEP Exam Registration Ticket. An appointment will need to be made at the Academic Records Office to take the exam.

Students who have completed college-level studies in high school may be eligible to receive college credit. Either the Advanced Placement Examinations (AP) of the College Entrance Examinations Board or the International Baccalaureate (IB) may qualify for credit when the official score report from AP or IB has been received in the Academic Records office. Credits will be awarded for test results of 3 or higher (AP) or 5-7 (IB) on the higher-level examinations only. For a Bachelor of Arts degree, no more than 30 credits may be received through CLEP tests, Advanced Placement programs, or International Baccalaureate will be accepted. Students pursuing an Associate of Arts degree may receive credit for no more than 15 such credits.

Credit for Prior Learning

Credit for prior learning is intended for those students who can equate prior life experience to college level learning and academic work. A request must be made to the Academic Affairs Office. However, this does not guarantee that credit will be awarded, only that it will be evaluated and considered for credit. Trinity Bible College and Graduate School cannot guarantee the transferability of prior learning credits. There is a limit of 30 credits towards a BA degree and 15 credits for an AA degree. This process is quite lengthy and should be started before the senior class level; the student should allow for at least one semester of evaluation.

Independent Study

In special circumstances, Trinity Bible College and Graduate School will allow students to take courses by an Independent Study process. The following policy, which will be carefully followed, describes this process:

- Independent Study (IS) will only be permissible in cases of:
 - unavoidable scheduling conflicts, OR
 - if students are required to pursue a course that is not offered in the regular curriculum, OR
 - if students need to add one more credit hour to a course in order to meet graduation requirements
- Eligible Bachelor of Arts students may take no more than a total of 12 hours by IS.
- Eligible Associate of Arts students may take no more than a total of 6 hours by IS.
- The college's academic departments will be given the opportunity to identify courses in their curriculum that cannot be taken by IS. The professor who normally teaches the course should be the first choice to administer the IS; however, a professor has the right to refuse to supervise an IS.
- There will be an additional IS fee charged on top of the normal cost of the course.
- All IS must be approved by the Dean of Undergraduate Studies.
- The syllabi for IS courses should be comparable in rigor to traditional classes for the level and credit load of the course.
- Students must have weekly contact with their professor during the semester. This can be done in person, via the internet, or by phone call. Assignments will be submitted to the professor according to the schedule specified in the IS syllabus, and late work will be reduced in grade according to the policy established in the syllabus. At least one-half of the assignments will be submitted for grading by mid-term.
- Attendance must be marked once a week by Friday.
- The current incomplete grade policy will apply to all independent studies not completed by the last day of finals.

- The form to apply for Independent Study may be found online. It must be properly signed and filled out to be approved. The student and professor will be notified by email when the course is set up.

Military Credit

Many military technical-training courses can be credited for college courses. Students are responsible for initiating a request for credit and having them sent to the Registrar for approval. Physical education credit can also be given for military service by submitting a copy of the student's DD214.

Non-Accredited Institutions

In some cases, partial credit for non-accredited ministry learning centers (such as Master's Commission and etc.) may be eligible for consideration in fulfilling some of the Trinity academic requirements. The guidelines for academic considerations are:

- Provide a written request to the Office of Academic Affairs describing one's previous course/learning and how those completed experiences may qualify as a substitute for a TBC & GS course.
- Request a sealed, personal letter of evaluation and recommendation from the director of the non-accredited ministry. It should include the calendar dates that the student was under their supervision.
- Provide a transcript/certificate of achievement from the non-accredited institution/ministry.

Credits will transfer upon the approval from Trinity's Office of Academic Affairs and after the student's successful completion of one academic year at Trinity, having achieved a cumulative GPA of 2.00 or higher. Students not able to meet the minimum GPA criteria after one year at TBC & GS will not be eligible to receive approval for prior learning and will need to take those courses at Trinity.

Pack Your Bags

Pack Your Bags is specifically designed for high school graduates willing to dedicate one year to seek God, serve others, and have fun. It is especially useful for the next step in their lives. Pack Your Bags students travel around the USA, Israel, and other foreign locations working with people from diverse walks of life as well as obtaining academic credits through enrolling in courses from TBC & GS. They also follow an interactive style of learning through direct instruction, videos, sharing, discussion, or online instruction.

Transfer Students

Students transferring from other colleges or universities will follow the admissions checklist and, in addition, the following:

- Arrange for all official college/university transcripts to be sent to Trinity Bible College and Graduate School with final grades posted.
- Bachelor of Arts students must take the last 30 credits from TBC & GS to graduate from Trinity.
- Associates of Arts students must take the last 15 credits from TBC & GS to graduate from Trinity.
- Grades of “C-” or better will be considered for transfer credit. No Pass/Fail grades are accepted.
- Students transferring from a non-accredited institution may transfer a limited number of credits (see *Non-Accredited Institutions*).

Transfer of Credit from Institutions Outside of the USA

In order to have international transcripts evaluated, students must submit a request to Educational Credential Evaluators (ECE). After following the instructions on the [ECE website](#), students should request a copy of the report to be sent to Trinity.

For transfer credits, a student will need to do the “course-by-course” report. In addition to the ECE evaluation, students are required to send an official copy of the international transcript, with certified English translation if the original transcript is not in English, to the Registrar’s Office at TBC & GS.

Undergraduate Students Taking Graduate Courses

Juniors and seniors in good academic standing may take graduate courses with the approval of their advisor, the Registrar, and the Graduate School administration. A maximum of 18 graduate level credits taken as part of a BA degree may be applied towards a MA degree.

Attendance Policy

Absences

Trinity Bible College and Graduate School encourages faithful class attendance with allowances provided for necessary absences. There are no excused or unexcused absences—only total absences. If there is an absence for medical, family, or TBC & GS related activities, it will still be counted toward your total absences.

Total absences may not exceed 30% of the total number of college-scheduled classes.

After exceeding the maximum amount of absences, the student will be failed on absences alone, regardless of course performance. Individual courses may have their own requirements for attendance and tardiness, *but a student can not fail a course due to attendance until they have exceeded the maximum amount of absences allowed by the college*. Students are expected to honor the classroom policies in each course syllabus.

MyTrinity Online classes track attendance on a weekly basis. To be counted present, students must make satisfactory weekly progress in the course as specified in the course syllabus. As a weekly attendance class, students with 4 absences will be withdrawn from or fail the class.

Tardiness

Students are considered tardy if they arrive after class has started. Three instances of tardiness are equivalent to one absence. Students arriving more than 15 minutes late to class are considered absent.

Departing Class Early

On the rare occasions where students need to leave class early, students are expected to be respectful and considerate by communicating this to the professor prior to the beginning of that class. Students should keep this in mind when establishing their work schedules, extracurricular activities, or church related activities; none of which are an excuse for early departure.

Late Registration

If a student registers late for classes, missed classes are still counted in the total number of allowable absences.

Late Test Policy

Flexibility to make-up a quiz or exam is not automatic and is at the discretion of the course professor. Likewise, students missing a quiz or exam due to participation in college approved

extracurricular activities, are responsible to make suitable arrangements with their professor before leaving for these activities.

Permission to make up quizzes and major exams is not automatic. The instructor and/or the office of Academic Affairs will decide if the tests were missed for legitimate reasons and whether or not students will be allowed to take a late exam or quiz.

Students who will miss a test due to college-approved extracurricular activities are required to make suitable arrangements with the instructor before leaving for these activities.

Classroom Expectations

Students are reminded that proper classroom behavior and decorum are expected at all times. For this reason, Trinity has established the following policies with which all students must comply:

- Cell phones and similar electronic devices should not be used in class except as it applies to note taking, information gathering, and classroom participation.
- In testing situations, the use of cell phones or similar communication devices may lead to a charge of academic dishonesty and additional sanctions.
- Students are permitted to bring their children to class if approved by the professor.
- Food (e.g., carry-out food, trays, etc.) is not permitted in the classroom without the professor's permission.
- Respect should be shown to all faculty and fellow students in conduct and conversation.
- Personal appearance and cleanliness should not be distracting or discourteous to other students and faculty.

In an effort to nurture a classroom culture that is conducive to the learning community, it is important for students to respect their professors and peers. Students who disrupt a class or choose not to align with general and course guidelines may be asked to leave the classroom and will be marked as absent for that class session.

Grades

Trinity Bible College and Graduate School uses a 4-point grade system to calculate Grade Point Average (GPA). Final grades are posted as a letter grade which determines grade points, not the percentage value of each grade.

Grading Scale

The standard college grading scale is as follows:

Classification	Grade	Percentage	Grade Points
Superior	A	94 – 100%	4.0
	A-	90 – 93%	3.7
Above Average	B+	87 – 89%	3.3
	B	83 – 86%	3.0
	B-	80 – 82%	2.7
Average	C+	77 – 79%	2.3
	C	73 – 76%	2.0
	C-	70 – 72%	1.7
Below Average	D+	67 – 69%	1.3
	D	63 – 66%	1.0
	D-	60 – 62%	0.7
Failing	F	0 – 59%	0.0
Withdraw	W	16-week Sessions: Assigned between Weeks 3 and 8 to students who withdraw 7-week Sessions: Assigned between Weeks 2 and 4 to students who withdraw	
Withdraw Passing	WP	16-week Sessions: Assigned between Weeks 8 and 13 to students who withdraw and have satisfied class assignments up to the day of withdrawal 7-week Sessions: Assigned between Weeks 4 and 7 to students who withdraw and have satisfied class assignments up to the day of withdrawal	
Withdraw Failing	WF	16-week Sessions: Assigned between Weeks 8 and 13 to students who withdraw and have not satisfied class assignments up to the day of withdrawal 7-week Sessions: Assigned between Weeks 4 and 7 to students who withdraw and have not satisfied

Changing a Grade

Changing a grade on a transcript will be allowed in only two circumstances:

1. Students have properly applied for an incomplete grade and have finished the work, or
2. The instructor has made an error in calculating the grade.

Grades cannot be changed later than the semester following the application of an incorrect grade, except in the case of Chapel or Student Ministry unsatisfactory grades which may be corrected at a later date.

Grade Change Forms may be obtained in the Academic Records Office. Grade changes must be requested by the faculty member by filling out the Grade Change Form and returning it to the Academic Records Office.

Incomplete Grades

A grade of incomplete is negotiated when the student has been unable to meet the requirements of a course because of extenuating circumstances (family tragedy, serious illness, etc.). Such negotiations will take place between the student, the instructor, and the department chair under which the instructor teaches. In instances where the department chair is the instructor, the Dean of Undergraduate Studies will serve as the chair.

The grade of incomplete must be removed within a single six-week period following the end of a semester. If the deficiency is not made up within the six-week period, the incomplete will revert to the grade earned at the time the incomplete was negotiated. Appeals must be submitted in writing to the Academic Affairs Office.

Exception: Internships that extend beyond the following semester.

Midterm Grades

Midterm grade information is available to students via their access to the web portal.

Repeating Failing Courses

Trinity Bible College and Graduate School considers biblical studies courses, which are required by students' majors or minors, along with certain general education requirements to be "core" courses. A grade of "F" is not acceptable, and such courses must be successfully repeated.

Students who have received an "F" in any non-core or elective course may graduate with the "F" on their transcript as long as they:

- Successfully complete the total number of credits required by their programs
- Maintain both a cumulative and professional GPA that meets their program requirements

Although successfully retaking a course is the best way to improve a student's GPA, it is not required in order to retake non-core courses. When retaking a class, only the most recent attempt at the course is used to calculate the cumulative GPA. Please check with the Financial Aid Office to see if the course to be retaken will be covered by federal financial aid.

Academic Dishonesty

Academic dishonesty refers to committing or contributing to dishonest acts by those engaged in academic activities. TBC & GS considers academic dishonesty a serious offense, regardless of whether it was committed intentionally or not. Academic dishonesty can take many forms, which can be broadly classified as follows:

- Cheating
- Plagiarism*
- Fabrication or falsification
- Sabotage

The instructor will report academic dishonesty to their Department Chair and the Office of Academic Affairs. A report will be discussed at the monthly Academic Affairs Committee meetings where further action may be decided.

The minimum penalty for such dishonesty shall be failure on the particular assignment, examination, and/or project. The maximum penalty for dishonesty at this level would be failure of the course if the student has had no other record of dishonesty in the department or in other departments. If the Office of Academic Affairs has record of any misconduct or other instances of academic dishonesty, they may take additional action and treat all infractions under college-wide disciplinary procedures up to and including academic suspension. Contact the Office of Academic Affairs for measures related to academic disciplinary procedures.

*Plagiarism is the use of words and/or ideas which are not your own without proper citation. Note that certain usage of AI falls under this definition.

Academic Amnesty

Students who have interrupted their education for a period of seven or more years may request to have a semester or more of poor academic achievement removed from their transcripts. Only complete semesters may be removed. Such courses and the corresponding grades will appear on students' academic records, but letter grades will not be calculated for GPA purposes. In addition, a notation of this action will be made on the transcript. Any courses excluded may not be used to satisfy any academic requirements.

Students must request academic forgiveness in writing to the Office of Academic Affairs. The Academic Affairs Committee will review requests and determine approval. The request should include the semesters under consideration and evidence that the past record is inconsistent with their present level of achievement.

If an amnesty student wishes to apply for financial aid, they must also appeal to financial aid for SAP considerations. They must follow the protocols listed for SAP appeal under the *Finances* portion of the catalog.

Honors

Latin Honors

Exceptional scholarship is recognized upon graduation according to the following scale of cumulative grade point averages:

Honor	CGPA
Summa Cum Laude	3.80 or higher
Magna Cum Laude	3.65 to 3.79
Cum Laude	3.50 to 3.64

Dean's List

The Dean's List is determined after final grades are posted to recognize full-time students who have attained the semester grade point average of 3.60 to 4.00. Vanguard Psychology major credits are considered internal for the purposes of calculating GPA.

Valedictorian and Salutatorian

The senior with the highest cumulative GPA, having completed Trinity credits equivalent to senior standing, will be honored as the valedictorian.

The senior with the second highest cumulative GPA, having completed Trinity credits equivalent to senior standing, will be honored as the salutatorian.

Traditionally, the valedictorian has the highest GPA of the BA graduates and the Salutatorian has the next highest. The semester used for the GPA is the semester before the last term. For a December graduate, it would be the previous spring; for a May graduate, it would be the fall term.

There are some extenuating circumstances that may change this decision:

- **Transfer credits:** Since TBC does not count the GPA of transfer credits, only the GPA from Trinity credits will be the ones that are counted. Transfer students who have less than 12 transfer credits will be the only ones considered. If there is a tie between a student(s) who have only attended TBC and one(s) who have transfer credits, the student who only attended TBC will be chosen.
- **Multiple 4.00 graduates with Trinity credits:** A determination will be made by the Academic Affairs Committee and the President.

- **Student Speaker Choice:** A list of the top GPA students (transfer and Trinity credits) is presented to the Academic Affairs Committee, Graduation Committee, and the President. Recommendations are then made by the Academic Affairs Committee and Graduation Committee to the President who holds the honor of choosing the student speaker. Though this oftentimes coincides with the Valedictorian or Salutatorian, the student speaker is not automatically chosen from those two students.

Honor Societies

Trinity Bible College and Graduate School students may be nominated for membership in two honor societies:

1. **The Association for Biblical Higher Education National Honor Society, Delta Epsilon Chi** (Approved in Christ, Rom. 16:10) The society limits nominees to no more than seven percent of the graduating class and requires good Christian character, leadership ability, and a 3.30 cumulative GPA. Fifty percent of the college program must be completed at Trinity Bible College and Graduate School in order to receive this honor at graduation.
2. **The AG Alliance for Higher Education (AG General Council), Sigma Chi Pi** (Diligent Christian Leader) The society is limited to not more than seven percent of the graduating class and must meet the following qualifications: 3.50 cumulative GPA, approved Christian character, and diligent servant leadership. Fifty percent of the college program must be completed at Trinity Bible College and Graduate School in order to receive this honor at graduation.

Academic Standing

Academic Probation

Students who fail to meet the minimum cumulative GPA of 2.00 will be placed on academic probation. The following academic probationary sanctions apply:

- **Required ASC Hours:** Students on academic probation are required to spend time in the Academic Support Center (ASC). These students will be enrolled in EDUC 031 with a satisfactory/unsatisfactory grade. No student will be able to graduate with an unsatisfactory grade; makeups will be required.
- **Accountability Meetings:** Students must meet with their advisor regularly and with the ASC coordinator as designated on their contract.
- **Limited Course Load:** Students may be limited to the number of credits allowed during a probationary semester. Any student wishing to take more than 13 credits will need the approval of the Academic Affairs Office.

- **Restriction from Extracurricular Activities:** includes Student Leadership positions, athletic teams, traveling ministry teams, and etc. (See the *Student Handbook* for a full explanation of Extracurricular Restriction.)

Academic Termination

Students who fail to achieve the required academic standards over a period of two consecutive semesters will be asked to withdraw for a minimum of one semester before they will be allowed to continue in their academic program. If these students wish to return, they must reapply through the Admissions Office. If readmitted, they may be given a limited course load and/or will be placed on academic probation, and be required to fulfill the terms of the ASC contract.

Responsibility for all matters relating to continued enrollment while on academic probation belongs to the Academic Affairs Office.

At-Risk

Students whose term GPA drops below 2.00 but whose cumulative GPA remains above 2.00 are identified as “at-risk”. These students will be enrolled in EDUC 031 with a satisfactory/unsatisfactory grade. No student will be able to graduate with an unsatisfactory grade; makeups will be required.

At times, due to course grades not being posted yet, students may be considered At-Risk or on Academic Probation and receive corresponding notices. Once all term grades are posted, students who no longer meet the criteria for At-Risk or Probation will be removed from such lists.

Probation and United States Veterans

Students receiving educational benefits from the Veterans Affairs (VA) must maintain satisfactory progress and attendance for any degree program. Veterans placed on academic termination may not be eligible for continued benefits. Trinity notifies the Veterans Affairs of students on suspension status and of changes in enrollment status. Students are responsible for notifying the certifying official at Trinity of any reduction or termination of school attendance and for any overpayment of benefits resulting from a change in enrollment.

Correction of Education Records

Students have the right to request corrections in their records which they believe are inaccurate, misleading, or in violation of their privacy rights. Following are the procedures for the correction of records:

- Students must ask the appropriate Trinity Bible College and Graduate School official to amend the record. In so doing, students should identify the portion of the record they want changed and specify why they believe it is inaccurate, misleading, or in violation of their privacy or other rights.
- Trinity Bible College and Graduate School may or may not decide to comply with the request. If Trinity decides not to comply, students will be notified by the college of the decision, along with supporting rationale, and advise those students of their right to a hearing to challenge the information believed to be inaccurate, misleading, or in violation of those students' rights.
- Should students disagree with the decision regarding the request for a correction of their education record, they may appeal in writing to the appropriate college official.
- A hearing officer who is a disinterested party will conduct the hearing; however, the hearing officer may be an official of the institution. Students shall be afforded a full and fair opportunity to present evidence relevant to the issues raised in the original request. One or more individuals, including an attorney, may assist students.
- Trinity Bible College and Graduate School will prepare a written decision based solely on the evidence presented at the hearing. The decision will include a summary of the evidence presented and the reasons for the decision.
- If Trinity Bible College and Graduate School decides that the challenged information is not inaccurate, misleading, or in violation of students' right of privacy, it will notify those students they have a right to place in the record a statement that comments on the challenged information or sets forth reasons for disagreeing with the decision. The statement will be maintained as part of students' education records as long as the contested portion is maintained. If Trinity Bible College and Graduate School discloses the contested portion of the record, it must also disclose the statement.
- If Trinity Bible College and Graduate School decides that the information is inaccurate, misleading, or in violation of students' right of privacy, it will amend the record and notify those students, in writing, that the record has been amended.

Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives eligible students rights to education records. Eligible students have the right to inspect and review their education records maintained by the school. (An "eligible student" under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution.) Schools are not required to provide copies of records unless, for reasons such as great distance, it is

impossible for parents or eligible students to review the records. Schools may charge a fee for copies.

- Eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
 - School officials with legitimate educational interest
 - Other schools to which a student is transferring
 - Specified officials for audit or evaluation purposes
 - Appropriate parties in connection with financial aid to a student
 - Organizations conducting certain studies for or on behalf of the school
 - Accrediting organizations
 - To comply with a judicial order or lawfully issued subpoena
 - Appropriate officials in cases of health and safety emergencies
 - State and local authorities, within a juvenile justice system, pursuant to specific state law
 - To parents of an eligible student if the student is a dependent for IRS tax purposes
 - To a victim of an alleged perpetrator of a crime of violence on a non-forcible sex offense
 - To the parents of a student regarding the student's violation of any Federal, State, or local law, or of any rule or policy of the school, governing the use or possession of alcohol or a controlled substance if school determines student committed disciplinary violation and the student is under the age of 21

Schools may disclose, without consent, "directory" information. The primary purpose of directory information is to allow Trinity Bible College and Graduate School to include this type of information from students' education records in certain school written and online publications. Examples include, but are not limited to, a playbill showing the student's role in a drama production, Dean's List or other recognition lists, graduation programs, and sports activity sheets showing weight and height of team members.

Trinity Bible College and Graduate School has designated the following information as directory information:

- Student's name
- Address
- Telephone listing
- Electronic mail address
- Photographs
- Date and place of birth
- Major field of study
- Dates of attendance
- Grade level
- Participation in officially recognized activities
- Weight and height of members of athletic teams
- Degrees, honors, and awards received
- The most recent educational agency or institution attended

Students who do not want TBC & GS to disclose directory information, without prior written consent, must fill out a FERPA Non-Release form from the Academic Records Office within 15 days of the first day of classes. This will be considered valid and will remain in effect until it is countermanded, in writing, as long as the student is an eligible student. Students may also fill out the FERPA Release form from the Academic Records Office for other parties to have access to non-directory information. For more information, contact registrar@trinitybiblecollege.edu.

Annual Notification: Students are notified annually of their FERPA rights via catalogs, email, orientation, student handbooks, and other appropriate communication mediums at Trinity Bible College and Graduate School.

MYTRINITY ONLINE

MyTrinity Online provides online education and training to students across the US and the world. Whether you are just starting your college studies or returning to finish your degree, MyTrinity Online courses have been designed to help you learn the information and skills needed for your future, either as a vocational minister or as a Christian leader in another profession.

Degrees Offered Online

Bachelor of Arts Majors (BA, 4 years)

- Biblical Studies with a Business Administration minor
- Biblical Studies with a Church Ministries minor
- Biblical Studies with a Theology minor
- Biblical Studies without a minor*

Certificates

Trinity Bible College & Graduate School is committed to training and educating people with theological reflection and missional passion in order that people and communities everywhere will hear the Good News of Jesus and see His love demonstrated. To that end, MyTrinity Online offers three non-degree Certificates of Ministry Training (CMT) that can equip those called to serve in the local church but may not have the resources to earn a full degree. Additionally, these courses meet the educational requirements of the three levels of ministry credentials in the Assemblies of God (Certified, Licensed, and Ordained).

This program allows participants to take the same accredited classes offered in Trinity's ministry degrees at a fraction of the price. Not only does this help individuals move into ministry more quickly with less debt, but it also provides high-quality academic education and training in the process. Additionally, it opens the door for students to move seamlessly into a full degree program at Trinity should they so choose.

The courses offered in this program meet the standards of the General Secretary's Office and follow the 3-level AG credentialing guidelines. Every level has a set of required classes of varying credit values to complete. Each certificate builds on the previous level, so those seeking advanced levels of credentialing will have to finish each certificate in order. For more information on your district's credentialing requirements, please contact your district office directly.

Other degrees offered through Trinity but not listed above might be available to online students who have already completed significant program specific courses. Students interested in these degrees should talk to the Registrar and the MyTrinity Online offices.

For more information on each degree, see complete degree requirements posted in this catalog.

8-Week and 16-Week Courses

MyTrinity Online courses are offered in 8-week and 16-week modules. The 8-week modules allow students to focus on fewer classes in a more intense format. For example, instead of taking four 3-credit classes over the 16-week semester, students could take two 3-credit classes the first 8-week module and then two different 3-credit classes the second 8-week module.

Credit for Prior Learning

MyTrinity Online uses an Assessment of Prior Learning (APL) portfolio to provide you with the opportunity to earn credit for learning outside the confines of a traditional classroom.

For more information on credit for prior learning, contact the MyTrinity Online Office.

Financial Aid

Financial Aid and various tuition discounts are available to MyTrinity Online students. Students should discuss their options with the Financial Aid Office and see Trinity's Tuition & Fees document for details on all fees.

PACK YOUR BAGS

Pack Your Bags (PYB) was originally envisioned to be an avenue for first-year students who were not sure if college was for them or what was next for their future. It was designed to serve as somewhat of a “gap year”, exposing students to college life, providing some life experiences, and an opportunity to see and serve throughout the world, all while broadening their worldview.

Over the last 10 years, it has done just that but has also evolved. While many students enrolled in Pack Your Bags were indeed looking for a less academic “gap year” experience, others came in knowing that academia was something they wanted to pursue wholeheartedly and wanted to take a full load of classes while also partaking in the Pack Your Bags experience. As a result, we broadened our academic offerings and have sought to meet the needs of every possible first-year student by offering 3 different tracks:

The Pathfinder: 14 credits total during the year, which provides foundational Bible and Life Skills classes while not overwhelming the student as they engage in the intense travel and discipleship aspects of the program.

The Traveler: 19 credits total for the year, which provides the opportunity to earn full-time credits in the Fall semester with an easier part-time load in the Spring semester while PYB travels extensively internationally.

The Academic: 24+ credits total for the year is offered for the stronger academic students who have verified by their GPA and first semester performances that they can handle a full-time academic load while traveling internationally.

Every Pack Your Bags student is involved in the following beyond TBC & GS chapels, classes, and extracurricular activities:

- Weekly mentor meetings
- Three group workouts per week with a trainer
- One team-building trip (August)
- One Native American service trip (September/October)
- One Inner City service & training trip (November)
- CPR and First Aid Certification
- Self-Defense Training
- Cross Cultural Training Camp (December)
- One 6-week international trip (January-February)
- One 2-week Israel trip (March)
- One 2-week Missouri ministry & capstone trip (April)

BACCALAUREATE GRADUATION REQUIREMENTS

Baccalaureate degrees at Trinity Bible College and Graduate School require the satisfactory completion of 120 or more semester hours with a cumulative GPA of at least 2.00.

Associate degrees require the satisfactory completion of 60 or more semester hours with a cumulative GPA of at least 2.00.

Normal progress for completion of the baccalaureate degree in four academic years requires the satisfactory completion of an average of fifteen credit hours each semester.

Application for Graduation

The application for graduation should be made to the Academic Records Office by the following deadlines:

- For graduation at the end of Fall Semester: November 1
- For graduation at the end of Spring or Summer Semester: February 1

Any student who fails to meet all graduation requirements within 30 days of the official last day of term in Fall will be automatically moved to Spring graduation.

Any student who fails to meet all graduation requirements within 30 days of the official last day of term in Spring will be automatically moved to Summer graduation.

Graduation applications will not be carried over to the following academic year. If a student fails to meet graduation requirements by the end of Summer semester, the graduation application will be voided and the graduation and associated fees will be refunded to the student. The student will need to complete a new graduation application and pay fees for the new academic year.

Assessment and Requirements for Graduation

1. Each academic department establishes outcomes assessment requirements for each program. Students are required to meet the outcomes assessment requirements for the Biblical Studies core, General Education core, and their area(s) of study, whether major or minor(s).
2. All BA and AA graduates are required to take exit exams (ABHE Bible Content and HEIghten Critical Thinking exams) during their final semester.
3. Earn a grade of "C" or better in

- a. Developmental English (if required)
 - b. English Composition I
 - c. English Composition II
 - d. Fundamentals of Math (if required)
4. Students who graduate from Trinity Bible College and Graduate School should give evidence of strong Christian character in their lives. Disciplinary issues may hinder graduation.
5. Students anticipating graduation during the academic year must have a satisfactory grade for Chapel attendance during the two semesters immediately preceding their graduation. Students must contact the Student Life Office before their last semester for any options to resolve a Chapel grade.
6. Student Ministry requirements are part of TBC & GS' continuing vision for all students to incorporate outreach and Christian involvement into their daily lives. All unsatisfactory Student Ministries grades must be made up in subsequent semesters before graduation. Students will not be allowed to graduate with a grade of "U" in any semester. Consult with the Student Ministries Director for options to make up an unsatisfactory grade.
7. Trinity uses a system involving violation points which provides for consistent accountability to our Community Standards. Accumulation of violation points leads to clearly defined consequences. Students are ineligible for graduation with a rolling points total of 50 or more, unless alternate conditions set by the Judicial Committee have been met.

Declining a Degree

Occasionally, students will pursue multiple majors and/or minors and will complete all of the requirements for a Bachelor's degree; however, they may desire to continue taking additional undergraduate courses. Students will be allowed to pursue additional program credits without accepting their original degree. Students may decline degrees as long as they do not exceed 150% of the time and credits allowed by the program. Students who decline degrees must maintain enrollment. Students wishing to pursue a separate program at another institution will also be required to maintain enrollment at Trinity.

When students complete the baccalaureate course of study and receive their degrees, they are no longer eligible to receive Pell Grants. Students are responsible to make an application to the Academic Records Office when they are ready to receive their degrees. However, students who break enrollment may no longer defer their degrees and such degrees will be conferred. VA students are not paid for classes that are not applicable for their chosen degree(s).

Financial Matters

All financial requirements must be satisfactorily completed with the Financial Aid and Business Offices prior to the date of graduation. Official transcripts and diplomas will be withheld until both Financial Aid and Student Accounts issues are settled.

Commencement

Commencement is held once a year at the end of the Spring term. At the time of completing the graduation application, students indicate whether or not they will attend. Attendees are expected to participate in all scheduled rehearsals for commencement exercises. Students who graduate in December are invited to participate in commencement the following Spring. Students who are registered for any remaining coursework to be completed in the Summer session may also participate in the Spring commencement. **Please note: participating in commencement does not guarantee degree completion.**

Issuance of Degrees

Degrees are only awarded three times a year at the end of each term in December, May, and August. If a student does not fulfill all of the graduation requirements in time for a term's deadline, s/he will be put forward to the following term graduation date. Degrees are awarded only after all grades are finalized and all graduation requirements are met. Diplomas are mailed to students by the Academic Records Office once degrees have been awarded and they have been cleared by the Financial Aid and Student Accounts Offices.

BACCALAUREATE DEGREES

Trinity Bible College and Graduate School offers the following Baccalaureate (BA) Degrees. All BA programs at TBC & GS include a Biblical Studies core of 30 semester hours and a General Education core of 36 semester hours.

Single Major

Biblical Studies (this BA must include a minor)

BACHELOR OF ARTS: COMMUNITY AND HUMANITARIAN SERVICES

Overview

The Community and Humanitarian Services major educates and equips students to deliver and lead compassion-based care that elevates and empowers the lives of the impoverished, hungry, and hurting. This degree prepares students to deliver humanitarian care based on a foundation of God's compassion and apply Biblical theology to the practice of humanitarian care. Students learn principles to be effective in a variety of domestic and international settings, including nonprofit leadership, volunteerism, disaster response, holistic self-care, community development, public policy, partnership cultivation, and advocacy. The curriculum emphasizes best practices and real-world experience while establishing a strong academic knowledge base and culminates with a supervised practicum with a humanitarian agency.

Objectives

Upon successful completion of the Bachelor of Arts degree in Community and Humanitarian Services, students will be able to:

- Discuss the heart of God as the motivation for effective and sustained compassion activities
- Assess procedures for supporting those who provide compassion services
- Formulate effective physical, psychological, and spiritual methods of helping the poor and suffering
- Develop approaches for working in cooperation with other compassion providers on local, regional, and national levels
- Critique administrative and financial strategies for presenting and supporting humanitarian projects
- Design efficient and effective activities for providing initial and ongoing disaster relief services for domestic and international settings, applying best practices and industry standards

Outcomes Assessment

The outcomes assessment requirement for the Community and Humanitarian Services includes:

- Exit exams (ABHE Bible Content and HEIghten Critical Thinking)
- Course projects, case studies, research papers, and internship

Completion of the Community and Humanitarian Services

Completion of this program requires:

- A grade of “C” or higher in all CAHS courses
- A cumulative GPA of 2.00 or higher
- A professional GPA of 2.20 or higher in all program specific classes

BACHELOR OF ARTS: GENERAL STUDIES

Overview

The General Studies major is combined with a Biblical Studies major and is designed for students who desire both a strong biblically based education and a greater general education emphasis. This double major is often chosen by students who are looking for a more traditional liberal arts education. It is administered by the General Education Department.

Learning Outcomes

Upon successful completion of the Bachelor of Arts degree in General Studies, students will be able to:

- Demonstrate critical thinking and reasoning processes
- Communicate effectively in oral and written form
- Demonstrate reading comprehension in the humanities, social sciences, and natural sciences

Outcomes Assessment

The outcomes assessment requirement for the General Studies major includes:

- Taking a standardized General Education outcomes assessment test during the final semester
- Successful completion of a Senior Seminar with a synthesis paper
- Exit exams (ABHE Bible Content and HEIghten Critical Thinking)

BACHELOR OF ARTS: INTERCULTURAL STUDIES

Overview

The Intercultural Studies major is designed to prepare students with in-depth knowledge of the nature of cultures. It also prepares students to effectively live, interact, and communicate the gospel in multicultural environments. Integrating classroom learning with field experience, the Intercultural Studies major helps students acquire the practical skills necessary to effectively minister cross-culturally overseas and/or in the United States. Additionally, graduates with an Intercultural Studies major will be prepared to pursue graduate-level studies.

Objectives

Upon successful completion of the Bachelor of Arts degree in Intercultural Studies, students will be able to:

- Understand that the character of Christ and a servant's heart is the basis for service
- Identify the major religions of the world and how to communicate the gospel to those of other faiths
- Articulate an understanding of the biblical basis, history, trends, concepts, strategies, theology, and the dynamics of intercultural service
- Implement strategies to successfully live, relate, and work in cross-cultural contexts
- Integrate theory and practice in a field experience (internship)
- Demonstrate professional skills
- Develop an attitude of acceptance and appreciation of other cultures and peoples

Internship

Students must complete an internship before their final semester of school. Normally, internships are completed in the summer between the junior and senior year. Therefore, at the beginning of the junior year, students need to have their prospective internship in focus. All internships must have prior approval from the department of Intercultural Studies.

Outcomes Assessment

The outcomes assessment requirement for the Intercultural Studies major includes:

- Exit exams (ABHE Bible Content and HEIghten Critical Thinking)
- Successful completion of the Intercultural Studies Senior Seminar
- Successful completion of an Intercultural Studies Internship

BACHELOR OF ARTS: MARKETING COMMUNICATIONS

Overview

The Marketing Communications major is designed to provide graduates with the skills necessary for a career in business or communications. This degree encourages students to develop a biblical worldview as it relates to issues that impact the business environment at both a macro- and a micro-level. Courses help to prepare students for careers in marketing, public relations, communications, promotions, and sales. The goal is to prepare students to be professional communicators who understand the need for creative, strategic, and influential marketing messages.

Objectives

Upon successful completion of the Bachelor of Arts in Marketing Communications, students will be able to:

- Demonstrate competence in core business principles and strategies
- Articulate ethical issues that occur in business and examine alternative courses of action within the context of a Biblical worldview
- Communicate effectively in oral and written form

Outcomes Assessment

The outcomes assessment requirement for the Marketing Communications Major includes:

- Classroom exams and quizzes
- Course projects, case studies, and research paper
- A standardized outcomes assessment test, taken during the senior year (ACT-CAAP)
- Exit exams (ABHE Bible Content and HEIghten Critical Thinking)

Completion of the Marketing Communications Program

Completion of this program requires:

- A grade of “C” or higher in all BUSI courses
- A cumulative GPA of 2.00 or higher

BACHELOR OF ARTS: MINISTRY

Overview

Trinity offers four BA Ministry majors: Children's Ministry, Pastoral Ministry, Worship Ministry, and Youth Ministry. Each of these majors, in combination with the Biblical Studies major, is designed for students wishing to pursue full-time vocational ministry. Because Trinity Bible College and Graduate School does not grant ministerial credentials, students desiring credentials are advised to check with an official in the district/denomination from which they wish to receive credentials to determine the specific procedure and requirements of that district/denomination. The Ministry majors require the completion of the Ministerial program as outlined in the *Ministerial Handbook*.

Overall Learning Outcomes

Upon successful completion of the Bachelor of Arts degree in Ministry, students will be able to:

- Prepare and preach sermons that communicate the content and teachings of the Word of God
- Demonstrate an understanding of the practical aspects of the ministry, such as ceremonies, budgets, and conflict resolution
- Integrate theory and practice in ministry

Declaration of Program

Students entering Trinity Bible College and Graduate School will declare their Ministry major during their first semester.

Specific Learning Outcomes

Pastoral Ministry

Upon successful completion of the core classes Pastoral Ministry major, the student will be able to:

- Articulate a clear biblical/theological presentation of the Gospel message
- Develop a strategic plan that will guide the spiritual and practical development of the local church

Children's Ministry

Upon successful completion of the core classes for the Children's Ministry major, students will be able to:

- Understand the psychological, social, and spiritual development of children
- Develop a strategic plan for ministry to children
- Develop effective presentations and communication appropriate to children including the use of multimedia

Worship Ministry

Upon successful completion of the core classes for Worship Ministry, students will be able to:

- Understand the role of music and worship in the life of the Church and Christian life
- Develop a strategic plan for innovative ministries of worship in various settings
- Recruit, equip and lead others effectively in creating meaningful acts of worship that guide others in their walk with Christ

Youth Ministry

Upon successful completion of the core classes for the Youth Ministry major, the student will be able to:

- Understand the psychological, physiological, social, and spiritual development of adolescents
- Develop a strategic plan for ministry to youth

Application to the Ministerial Program

Initial application into the Ministerial program is usually made during the second semester of the sophomore year during PMIN 280 Ministerial Practicum II. Admission into the program requires completion of THEO 165 Introduction to Worldview and Theology and PMIN 180 Ministerial Practicum I with a grade of "C" or higher.

For further details, see the *Ministerial Handbook*.

Acceptance into a Ministry Program

Formal acceptance into any Ministerial program requires:

- A cumulative GPA of 2.00 or higher
- A completion of BIBL 253 Hermeneutics with a grade of "C" or higher
- An interview with and approval by the Biblical and Theological Studies Department

Ministry Internship

A number of options are available for students to complete their internship requirement. These include an eight-week summer internship or a sixteen-week local internship concurrent with the Fall and Spring semesters.

Completion of a Ministerial Program

Completion of any Ministry major requires:

- A grade of “C” or higher in:
 - THEO 165 Introduction to Worldview and Theology
 - PMIN 180 Ministerial Practicum I
 - PMIN 280 Ministerial Practicum II
 - PMIN 480 Summer Internship (or one of the other Ministerial internships)
- A cumulative GPA of 2.00 or higher
- A professional GPA of 2.20 or higher

Students who have met the above criteria must be formally interviewed and approved by the Biblical and Theological Studies Department. For further details, consult the *Ministerial Handbook*.

Outcomes Assessment

The outcomes assessment requirement for the ministry majors includes:

- Exit exams (ABHE Bible Content and HEIghten Critical Thinking)
- Acceptance into and completion of the Ministerial Program

BACHELOR OF ARTS: BIBLICAL STUDIES AND PSYCHOLOGY

(Dual Degree Program with Vanguard University)

Overview

Trinity Bible College and Graduate School has partnered with Vanguard University in California to offer the TBC & GS Bachelor of Arts degree in Biblical Studies with the Vanguard University Bachelor of Arts degree in Psychology. Students who complete the program will receive two degrees: one from Trinity and one from Vanguard. This program is the first of its kind in Assemblies of God higher education and opens a door for graduates entering into broad areas of ministry including Christian Counseling and working with non-profit organizations. The Vanguard University Psychology degree supports and facilitates further growth in a student's Christian beliefs. This dual degree program is only available to traditional on-campus students. Vanguard Psychology major credits are considered internal for the purposes of calculating GPA.

Learning Outcomes

Upon successful completion of the Biblical Studies courses, students will be able to:

- Demonstrate an understanding of the major biblical and theological truths of God's Word
- Utilize sound interpretive skills to study the Bible and discover universal theological principles and how they apply to a person's life today
- Recognize God's revelation of himself as recorded in the Bible and describe Christian doctrines and theology, including Assemblies of God Pentecostal Distinctives

Outcomes Assessment

The outcomes assessment requirement for the Biblical Studies major includes:

- Exit exams (ABHE Bible Content and HEIghten Critical Thinking)

For more information on the Psychology courses and the Program Learning Outcomes, please visit [Vanguard University's catalog](#).

DEPARTMENT OF TEACHER EDUCATION

Mission Statement

Trinity Bible College and Graduate School's Teacher Education Program exists to prepare pedagogically-sound, Christ-centered, and highly qualified teachers who demonstrate His love to all students.

The Department offers three BA degrees: Elementary Education, K-12: Physical Education, and Secondary-English along with a minor in Early Childhood for Elementary Education. Each of these majors is combined with the Biblical Studies major to prepare teachers for public, private, or Christian schools. The student is prepared in the knowledge and skills of teaching within a framework of Christian attitudes and principles. Upon successful completion of this program, the student will be eligible to apply for a teaching license from the state of North Dakota.

Learning Outcomes:

- Apply appropriate research methods and study tools in the writing of research papers throughout upper-level classes in the Biblical Studies core
- Recognize God's revelation of himself as recorded in the Bible and describe Christian doctrines and theology, including Assemblies of God Pentecostal Distinctives
- Effectively and successfully apply educational theories, pedagogies, and methodologies and best instructional practices within their classes, practicums, and student teaching
- Apply knowledge and understanding of appropriate teaching practices that will afford students the best opportunity to experience educational success no matter age, sex, sexual orientation, cultural diversity, and/or exceptionality

Admission to Teacher Education Program

In accordance with the mission of the college and North Dakota state guidelines and regulations, admission, and acceptance into the Teacher Education Program is as follows:

- Successfully complete EDUC 250 Foundations of Education, with a grade of "C" or above
- Have a cumulative GPA of 2.5 or above
- Receive an acceptable score on the Praxis Core test or ACT, which is taken at the student's expense.
- Complete a formal application, including references, to be given to the Teacher Education/Exercise Science Committee preferably prior to the second semester of the sophomore year
- Complete a formal interview with representatives from the Department of Teacher Education/Exercise Science

Admission to Student Teaching

Application is made to the Teacher Education/Exercise Science Committee for admission to student teaching at the beginning of the semester prior to the semester in which the student intends to student teach. The student must show that all of the professional education courses will have been completed before the student teaching begins, and the student has been successfully admitted into the Teacher Education Program. The student must have a cumulative GPA of 2.7 in the professional education courses and a 2.5 cumulative GPA for all courses before the student teaching semester begins.

Outcome Assessments

- Praxis Core passed successfully
- Minimum cumulative GPA requirement of 2.75
- Student Portfolios
- Student interviews (Sophomore & Senior)
- Exit exams (ABHE Bible Content and HEIghten Critical Thinking)

INTERCULTURAL STUDIES & INTERNATIONAL ENTREPRENEURSHIP 4+1

Overview

Intercultural Studies majors have an option of doing their BA degree in conjunction with a Master of Arts Missional Leadership or a Master of Arts Global Theology. In their junior year, they begin taking some graduate-level courses which apply towards the MA (ML) or MA (GT). This means a successful student may complete the Master of Arts in a fifth academic year.

Additionally, International Entrepreneurship majors have an exciting new option of doing their BA degree in conjunction with a Master of Arts Missional Leadership. In their junior year, they begin taking some graduate-level courses which apply towards the MA (ML). This means a successful student may complete the Master of Arts in a fifth academic year.

ITCS and IE students interested in pursuing their BA and MA in five years must submit an official request in writing to the ITCS Department by the end of the Fall semester of their sophomore year. The ITCS committee considers all requests and makes recommendations to the graduate school. During the senior year, the students make separate applications to the graduate school in order to complete the MA degree in their fifth year.

MINISTRY MAJOR 4+1, BA/MA PATHWAYS

Overview

Ministry majors have the option of completing their studies with a Master of Arts degree in Missional Leadership, Rural Ministries or Chaplaincy. They take some graduate classes in their junior and senior years which apply toward both the undergraduate and Master's degrees. This enables the successful student to complete an MA in a fifth year while serving in a ministry position. This may result in the student saving a year of time and tuition.

Students should make their desire to pursue the 4+1 known to the Biblical/Theological Department and Records Office. Approval must be granted by the Graduate School to participate in MA classes. Application must be made to the Graduate School to pursue a Master of Arts degree.

Students may choose to earn an undergraduate degree in Children's Ministry, Pastoral Ministry or Youth Ministry. Adding a Master of Arts degree in Missional Leadership, Rural Ministries or Chaplaincy provides nine different pathways to the Ministry Major 4+1 BA/MA.

ASSOCIATE OF ARTS PROGRAMS

Trinity Bible College and Graduate School offers the following Associate (AA) Degrees:

- Biblical Studies
- Business Administration
- Church Ministries
- General Studies
- Intercultural Studies

All AA programs at TBC & GS total 62 semester hours, which include a Biblical Studies core of 14 semester hours, General Education core of 26 semester hours, and World Engagement courses.

English and Math Requirements

Entrance to English and Math courses is determined by placement scores. ENGL 031 Developmental English and MATH 030 Fundamentals of Math are for students whose placement scores indicate they are not ready for college-level English or Math. These courses count as three credits in the semester schedule; however, they do not count towards the total credits needed for graduation as they are not considered college-level.

Course Substitutions for Biblical Studies Core Courses

Students in any major may apply to substitute BIBL 150 Old Testament History and Literature with THEO 434 Old Testament Theology and/or BIBL 151 New Testament History and Literature with THEO 435 New Testament Theology. BIBL 150 and BIBL 151 are three credits each and THEO 434 and THEO 435 are two credits each; thus, the credit shortfall must be made up with another BIBL or THEO class.

ASSOCIATE OF ART IN BIBLICAL STUDIES

Overview

The Associate of Arts degree in Biblical Studies is designed for students desiring a background in biblical and theological studies. This program provides the education requirements for the certified minister credential with the General Council of the Assemblies of God. Credit from the Associate of Arts degree may be applied toward a Bachelor of Arts degree for students who desire to continue their education. Students will gain valuable ministry experience through involvement in the Student Ministries program, Chapel, services, and other ministry opportunities available throughout the year.

Learning Outcomes

Upon successful completion of the Associate of Arts in Biblical Studies, students will be able to:

- Demonstrate an understanding of the major biblical and theological truths of God's Word
- Utilize sound interpretive skills to study the Bible and discover universal theological principles and how they apply to a person's life today

Outcomes Assessments

The outcomes assessments requirement for the Associate of Arts in Biblical Studies includes:

- Exit exams (ABHE Bible Content and HEIghten Critical Thinking)
- Specific assignments and tests in designated courses

MINORS

A minor is an opportunity for a student to enrich his or her BA degree with a secondary area of interest. Minors are 18 – 20 semester hours of specified course work. A student should declare a minor by the sophomore year in order to fit the courses into his or her program of study. It is the student's responsibility to ensure all the classes for the minor are taken in time to fulfill graduation requirements.

Minors are available in:

- Advanced Personal Training
- Business Administration¹
- Church Ministries²
- Coaching (Sports)
- Early Childhood/Kindergarten (available for Teacher Education: Elementary Education students)
- Intercultural Studies¹
- Intercultural Study Abroad Minor
- Music³
- Theology

¹ These minors are not available for International Entrepreneurship majors.

² This minor is not available for Ministry majors.

³ This minor is not available for Worship Ministry majors.

Advanced Personal Training Minor

The Advanced Personal Training minor pairs well with any major, providing the basic groundwork for becoming a certified personal trainer or exercise specialist. These jobs are available in community, corporate, university, and clinical settings.

As a degree for personal training is not required to attain certification through various associations (NSCA, ACSM, NASM, ACE, etc.), the process of studying and successfully passing the testing process can be quite challenging. Therefore, a minor in Advanced Personal Training equips each study with more hands-on education, studying skills, and test taking skills that will aid in the process of attaining a Personal Training Certification through well-known and highly sought associations. **Note:** completion of this degree does not certify you as a Personal Trainer.

Learning Outcome

Upon successful completion of the Advanced Personal Training minor, students will be able to:

- Understand the process of training clients and groups in a private or public facility
- Help create and implement training programs
- Understand the physiological adaptations correlated with quality nutrition and exercise regimens
- Know how to create and sustain a successful business model of Personal Training

Outcomes Assessment

The outcomes assessment requirement for the Advanced Personal Training minor includes:

- C or above in all required Courses
- Practicum experience of training clients and groups
- Hands-on application, tests, and assignments to assess student understanding of content in required courses
- Exit exams (ABHE Bible Content and HEIghten Critical Thinking)

Business Administration Minor

The Business Administration minor is designed to familiarize students with basic biblical business skills for use in a local small business or church administrative setting.

Learning Outcome

Upon successful completion of the Business Administration minor, students will be able to:

- Demonstrate entry-level competence in core business principles and strategies
- Recognize ethical business practices in the context of a Christian Worldview

Outcomes Assessment

The outcomes assessment requirement for the Business Administration minor includes:

- Classroom tests
- Course projects, case studies, and research papers

(Theology I, II, III do not need to be taken in order)

This minor is NOT available for Ministry Majors.

The Church Ministries minor is designed for those taking the Biblical Studies Major with a Minor or other non-ministerial major.

Coaching (Sports) Minor

The Coaching minor is designed to prepare students to coach at a variety of age levels and in vocational or recreational settings. The 20-credit coaching minor will qualify students to coach in many states that do not require coaches to have a teaching certificate. The program requires instruction in the coaching techniques of two of the following five sports: baseball, basketball, track/cross-country, football, or volleyball. Students are instructed in the motivational, administrative, and technical aspects of sport from a biblically-based philosophy of coaching. The coaching minor does not lead to a teaching certificate.

Learning Outcomes

Upon successful completion of the Coaching minor, students will be able to

- Demonstrate knowledge of the skills and techniques required for performance in the sports of baseball, basketball, track/cross-country, and volleyball
- Develop an understanding of organization and administration of athletic teams
- Demonstrate a working knowledge of athletics from the perspective of a Christian worldview
- Understand the anatomical responses to injury and the treatment thereof, taking into account the psychological factors of athletics

Outcomes Assessment

The outcomes assessment requirement for the Coaching minor includes:

- A standardized outcomes assessment test
- Coaching portfolios
- Development of personal coaching philosophy
- Exit exams (ABHE Bible Content and HEIghten Critical Thinking)

Intercultural Studies Minor

The Intercultural Studies minor is designed to prepare students whose career aspirations require a strong base in intercultural knowledge such as missions pastors, specialized missionaries, associate missionaries, and short-term missionaries. A minor is not comprehensive but is structured so that the student may gain a meaningful exposure to intercultural studies. After completing the minor, the student should have a grasp of the nature of the discipline and should be adequately prepared to do further work in this area of study.

Learning Outcomes

Upon successful completion of the Intercultural Studies minor, students will be able to:

- Develop a biblical theology of missions
- Analyze the historical Christian missionary movements in order to develop effective mission strategies
- Compare and contrast the beliefs, practices, and key historical figures of the world's major religions
- Demonstrate the ability to effectively live and communicate the gospel in a cross-cultural environment

Outcomes Assessment

The outcomes assessment requirement for the Intercultural Studies minor includes:

- Specified assignments in designated courses
- Exit exams (ABHE Bible Content and HEIghten Critical Thinking)

Theology Courses**THEO 165 Introduction to Worldview and Theology****3 Credits****Fall**

This course is an introduction to the concept of worldview, including a discussion of various worldviews; and an introduction to Christian doctrine based upon major engagement with the biblical text and the "Statement of Fundamental Truths" as articulated by the General Council of the Assemblies of God. Students will be challenged to integrate faith, learning, and life in such a way that they develop a thoroughly Christian way of thinking and believing. This course replaces THEO 161.

THEO 220 Theology of Compassion**3 Credits****Fall (Even)**

Compassion for others, especially for those in need, is a fundamental tenet of biblical theology. Compassion for humankind was the motivation for Christ's mission to earth, as He mentions at the inauguration of his ministry in Luke 4: "The Spirit of the Lord is on me, because he has anointed me to proclaim good news to the poor. He has sent me to proclaim freedom for the prisoners and recovery of sight for the blind, to set the oppressed free, to proclaim the year of the Lord's favor." This course reviews the biblical foundation for compassion and traces the Church's theological interpretation and practical application of compassion throughout history.

THEO 251 Systematic Theology I: Scripture, God, Creation**3 Credits****Fall**

This course is an overview of the meaning and purpose of theology, the doctrine of Scripture (revelation, inspiration, canonicity), the doctrine of God (His existence, attributes, works, and Trinity), and the creation of the universe and spirit beings (angels, Satan, demons). GREETINGS FROM DR. CAROL ALEXANDER, DEAN OF THE GRADUATE SCHOOL

Welcome to Trinity Graduate School!

We are delighted that you have chosen Trinity and our hope is that, as you engage with the learning community here, you will be inspired and enriched. You have made a decision to join a community of lifelong learners and, in so doing, to sharpen your skills and prepare yourself for the ever-changing context and cultural milieu of the 21st century.

You will engage with a faculty who are committed to invest in your education and to journey with you throughout the entire process of your studies. Whether you are an online student or doing face-to-face classes or mixed

modalities, we want to assure you that we are committed to you having a highly personal experience with a deeply-involved faculty. You, the student, are our focus at Trinity and we want your experience to be exceptional so that you leave Trinity inspired to be engaged in faith-based service and Christ-honoring ministry.

This Academic Handbook is here to help and guide you through your time at Trinity. Please read the contents carefully. If you have any questions, feel free to contact the Graduate School and we will help you in every way we can. We look forward to the next number of years together.

God bless you as you journey with us,
Dr. Carol Alexander
Dean of the Graduate School

HISTORY OF THE GRADUATE SCHOOL

Drs. Paul and Carol Alexander are both passionate about leadership and God's mission. When Dr. Paul was appointed as College President, it was only natural that he and Dr. Carol Alexander develop graduate programs that reflect that passion. As a result, the Graduate School at Trinity Bible College was birthed in 2013 with Dr. Carol Alexander as Dean.

With their background and experience with a similar initiative in Europe to build upon, they determined that the first graduate degree program would be a Master of Arts Missional Leadership (MAML). The program was designed to assist leaders in navigating the complexities of contemporary society and emerging ecclesiologies while enhancing their missional effectiveness.

Accreditation was granted by the Association of Biblical Higher Education (ABHE), with full national accreditation granted in June 2013. ABHE is recognized by the US Department of Education, which has subsequently officially equated national and regional accreditation as being on the same footing.

The first cohort started in August (Fall) 2014. This coincided with the first Herman G. Johnson public lecture. The inaugural lecture was given by eminent Pentecostal scholar, Professor William Kay. The following years were marked by growth in student enrollment and the addition of new programs.

In 2017, the Master of Arts Rural Ministry (MARM) and Master of Arts Global Theology (MAGT) were added. A Doctor of Philosophy (PhD) was added in 2019. The Graduate School's development was further enhanced with the addition in 2020 of the Master of Arts Intercultural Studies (MAIS) and the Master of Arts Chaplaincy (MACHAP). In mid-2021, the MAIS was redesigned as the Master of Arts World Religions (MAWR).

The Graduate School began offering the MAML as a fully Web-based program, which extended Trinity's graduate school to reach globally. In 2020 the MACHAP, the MAWR and the PhD were added to the web-based platform.

Through the development years, the Graduate School has maintained its founding focus and passion, putting students' growth as a top priority, while insisting on academic excellence. The commitment to walking the journey with students, through both personal and spiritual growth, and their academic discovery phase remains a hallmark of the Graduate School. Expansion has

not dimmed this passion. Rather, it has offered practitioners diverse avenues for the exploration of the many facets of practical theology.

GENERAL ADMISSION REQUIREMENTS

Applicants for the Master of Arts with Trinity Bible College and Graduate School (TBC & GS) should demonstrate faith in Christ characterized by sound moral character and biblical convictions.

Applicants should have a Bachelor's degree from an accredited college or university with a GPA of 2.7 or above. Applicants whose GPA is below 2.7 may be interviewed by a member of the graduate school committee. If, in the opinion of the committee, the applicant needs to show further evidence of suitability for the program, additional submissions may be required. These could include submission of samples of academic writing such as a discussion paper, policy document, training manual, or a Bible study guide. Alternatively, the applicant may be required to complete designated bridging work such as topical papers or book reviews requiring critical analysis.

Applicants meeting Trinity Bible College and Graduate School's admissions requirements are considered without regard to race, sex, or disability.

Alternative Pathway

The TBC & GS accrediting agency, Association for Biblical Higher Education, has allowed for an alternative pathway into the TBC & GS Master's program. The alternative pathway will provide incoming students the opportunity to be accepted into the MA program without a completed BA degree or with an unaccredited BA from an unaccredited college or university, and with sufficient experience and maturity who have the "ability to benefit" from admittance to the MA program. The intent of the regulatory meaning of the phrase "ability to benefit" is so that students are not admitted who are unlikely to finish the program. A review process has been established ensuring that prospective students have sufficient life experience, non-formal training, ministry credentials, etc. that have prepared the student sufficiently without obtaining an undergraduate degree.

Trinity Bible College and Graduate School recognizes that the Lord brings people into ministry through a variety of pathways. As a college, we desire to work with this by facilitating the further education of mature men and women in ministry who do not have a bachelor's degree.

A minimum of five years of ministry experience is required to be considered for the Alternative Pathway program. The Admissions Committee may use any of the following to evaluate eligibility for the Alternative Pathway program:

1. Level of ministerial credentials
2. Portfolio of ministry experience
3. Current level of ministry involvement
4. Recommendations by ministry leaders familiar with their work
5. Interview with a member of the Admissions Committee or Graduate School faculty member

Admission requirements for those whose undergraduate studies do not include at least fourteen credits of Bible or Theology

If a student's undergraduate studies do not include at least fourteen credits of Bible or Theology, he or she may be required to compile a portfolio for evaluation by the graduate school committee:

- Annotated bibliography of recent reading pertinent to Bible and theology
- Record of participation in non-accredited Bible and theology courses with supporting evidence; e.g. certificates, course notes, letters of participation
- Record of teaching the Bible; e.g. sermons, Bible studies, Sunday school lessons
- Two-page paper in Turabian format from a list of Biblical and theological topics

The admissions committee will evaluate the portfolio and make one of the following recommendations:

- Waive all or part of the fourteen-credit requirement
- Require the student to take undergraduate credits for non-degree purposes
- Require approved graduate credits as free electives

International Student Admission Standards

In addition to the requirements for admission, students who are not citizens or legal permanent residents of the United States must provide a certified financial statement or evidence of the availability of adequate support to complete a program of study without institutional assistance. The Test of English as a Foreign Language (TOEFL) may be required of applicants whose primary language is not English.

**An enrollment deposit is required to reserve your place in our enrollment and a portion of it will go toward tuition and fees.

MA Global Theology Learning Experiences

The cost of the trips (learning experiences) will vary. The cost per double trip should be approximately \$3,900.00 and will be paid directly to Trinity Bible College & Graduate School. TBC & GS will make traveling arrangements for the students. The cost of any travel related health tests will be for the student's account. Full payment will be due two months prior to travel commencing. A surcharge for flights not originating in Fargo (North Dakota) or Aberdeen

(South Dakota) may apply. All trips for MA Global Theology will be reserved and purchased by the College.

MA Rural Ministry Saturation Experiences

MA Rural Ministry students will be responsible for the costs of all saturation experience trips including travel, accommodations, and food. TBC&GS will not be responsible for making arrangements for travel, accommodations or food.

ACADEMIC POLICIES AND PROCEDURES

Grade Scale

Trinity Graduate School uses a 4-point grading scale. The grade points per credit and definition for Master of Arts participants are:

	Grade	Percentage	Grade Points
Publishable	A	94-100 %	4
	A-	90-93 %	3.7
	B+	87-89 %	3.3
Good	B	83-86 %	3
	B-	80-82 %	2.7
	C+	77-79 %	2.3
Satisfactory	C	73-76 %	2
	C-	70-72 %	1.7
	D+	67-69 %	1.3
Poor	D	63-66 %	1
	D-	60-62 %	0.7
Failure	F	0-59 %	0
Audit	AU		0
In Process	IP		0
Incomplete	I		0
No Credit	N		0
Satisfactory	S		0
Unsatisfactory	U		0
Withdrawn Passing	WP		0
Withdrawn Failing	WF		0

Academic Probation

A student may be admitted to the Graduate school on academic probation in either of the following circumstances:

- Due to nonacademic strengths in the applicant's file, the student has been admitted with a low undergraduate grade point average
- The student received a baccalaureate degree from a non-accredited institution

In such cases, the probationary status may be removed upon completion of 9-12 credits with a satisfactory GPA of 2.5 or better. A student may not register for more than 12 credits until satisfactorily completing the probation period.

A student will be placed on academic probation at the conclusion of any semester in which the cumulative grade point average falls below 2.5, and will remain on probation as long as the cumulative grade point average remains below 2.5. A student may also be placed on probation at the conclusion of any semester in which the semester GPA of 2.5 is not earned. *Note: In unusual circumstances, the Graduate School Dean may, at his/her discretion, simply issue a letter of warning.*

A written letter of appeal must be submitted to the Graduate Studies Committee following the first semester a student is either placed or retained (if admitted) on academic probation.

The letter should include:

1. An explanation of any exceptional circumstances that contributed to the student's unsatisfactory academic progress, along with supporting documentation, if applicable
2. How the circumstances have changed
3. The steps the student will take and/or has taken to improve academic performance

Students on academic probation who do not raise their cumulative average to the required level or higher by the end of the next semester of study, or who do not make a substantial reduction in grade point deficiencies while on probation, will be academically dismissed from the Graduate School. An exception to this policy will require approval by the Graduate School Committee before enrolling for further studies the next semester.

Students who have been academically dismissed and who have not been enrolled for at least one or more semesters may seek readmission to the Graduate School. In those cases, the Admissions Committee will consider applications for readmission to the Graduate School after academic dismissal only if readmission is warranted by exceptional circumstances and reasonable grounds are given for an expectation that the student can remove grade point deficiencies. Such appeals will require the approval of the Admissions Committee and the Dean

of the Graduate School before the student can be readmitted and registered for classes. If approved for readmission, no student will be permitted to enroll until one semester (15 weeks) has elapsed following the student's dismissal.

Course Repeat

Trinity Bible College and Graduate School considers successful completion of "core" courses to be essential. A grade of "F" is not acceptable, and such courses must be successfully repeated. Students who have received an "F" in any elective course may graduate with the "F" on their transcript as long as they:

- Successfully complete the total number of credits required by the program,
- Maintain a cumulative GPA that meets the program requirements.

The best way to improve a student's GPA is to successfully retake a course. When retaking a class, the student must submit entirely new work in consultation with the professor. Only the most recent attempt at the course is used to calculate the cumulative GPA.

Incomplete Grades

A grade of incomplete is negotiated when the student has failed to meet the requirements of a course because of extenuating circumstances (family tragedy, serious illness, etc.). Such negotiations will take place between the student, the professor, and the Graduate School Committee. In those instances, where the Dean of the Graduate School is the instructor, the Assistant Dean of the Graduate School will serve as the chair.

The grade of incomplete must be removed within a single eight-week period following the end of a semester. If the deficiency is not made up within the eight-week period, the incomplete will revert to the grade earned at the time the incomplete was negotiated. Appeals must be submitted in writing to the Graduate School committee and/or the Dean and/or the Assistant Dean of the Graduate School.

Full/Part-time Enrollment Status

The typical full-time course load for a Master of Arts program is three or four courses of three credits each per semester. During the second year of study, a fulltime student will complete the balance of three credit courses and the nine-credit thesis. A fulltime student may extend the time for completion of the thesis by six months without compromise of his/her full-time status. A minimum of six credits per semester is required to maintain full-time status.

Attendance

Success in an MA program at Trinity Bible College and Graduate School (TBC&GS) depends on participation with a course and assignment completion. The policy stated below defines student and faculty rights and responsibilities with respect to attendance.

Expectations for Attendance

All graduate students at TBC & GS are expected to attend classes whether online or in person. Each student must make contact with the course on Populi during the first week. Contact with the course includes: logging on to the course page on Populi during the first week; accessing all required content in lessons; receiving a passing grade for all assignments that require a grade; and attending at least one Zoom session. Along with this, each faculty member has the right to establish requirements for attendance and participation unique to each of his or her courses. The professor's attendance policy will be clearly stated under Attendance on the class syllabus. Course requirements such as book critiques, research papers, journals, discussions, Zoom session, etc. will not be waived due to lack of attendance. Faculty may establish the academic impacts including course failures, if absences as defined by the faculty member's absence policy, becomes excessive. If a student is not able to participate in a timely manner due to any number of issues (i.e. health, family issues, job requirements, other personal reasons) with an assignment, discussion, Zoom session, etc. the student must negotiate accommodations with the instructor. Foundationally, it is at the discretion of the faculty member as to how the absence will be handled.

Making Up Missed Sessions

Students are expected to attend and participate in all sessions, trips and saturation experiences for which they are registered. If a student misses an entire session, he or she may request permission to make up the session through completing the self-study material set by the professor or take the class through a distance education (web-based) format. A request to make up a session should be made in writing to the Graduate School Dean and/or Assistant Dean, which includes why the session was not attended as scheduled. A maximum of one session can be made up per year.

Adding/Dropping a Course

Adding or dropping a course requires the approval of the Registrar and the instructor for each course students add or drop. Add/drop forms may be obtained from the Academic Records or from the Graduate School Administrator, or students may submit their requests electronically

via email to the Administrator. Students are responsible to see that add/drop forms are properly signed and returned to the Academic Records office.

For courses taught involving Residential Sessions or Saturation Experiences:

The start date may not coincide with the start of a residential week or the start of a saturation experience. Add/drop and other dates are calculated from the course start date, not the start of the residential session or saturation experience.

If a course is dropped on or before the add/drop date, no record of the course is maintained. A grade of “W” (withdrawal) will be given if students drop a course by the conclusion of the Residential Session. Students who withdraw from a course after the conclusion of the Residential Session will receive a grade of “WP” (withdraw passing) or “WF” (withdraw failing). The last day students may withdraw from a course for any reason will be four weeks after the end of the session. Grades of “W,” “WF” or “WP” are considered unsatisfactory and will count in determining students’ satisfactory academic progress.

Administrative Drop Policy

Any students who exceed the maximum allowed absences for a specific class will be administratively withdrawn from class. If the withdrawal takes place by the Withdraw date, a “W” grade will be recorded. If the withdrawal takes place after the Withdraw Fail date, students will receive a “WF”. The withdrawal will be initiated by the faculty member teaching the course in question. He or she will provide the Academic Records office copies or notations of dates, emails, or other notices of attempts to contact the students. The Academic Records office will then complete an Administrative Withdrawal form. Before processing, the complete information will be sent to the Dean of Undergraduate Studies for final approval. The student will be notified of this action by the Academic Records office.

When students have exceeded the allowable absences for all of the credit courses for which they are enrolled, they will be dismissed.

Students are entitled to due process. In the case of special circumstances, students will be referred to the Dean or Assistant Dean of the Graduate School.

Withdrawal

Students who withdraw from Trinity must secure an official Withdrawal Form from the Academic Records office or the Graduate School Administrator. This form must be signed by the indicated college officials and then returned to the Academic Records office before official

withdrawal can be completed. A fee will be assessed for all withdrawals (See Withdrawal Policy).

Failure to comply with the college withdrawal policy may result in failing grades for all courses for that semester and ineligibility for financial refunds.

Students who drop a course by the add/drop date should get a full refund up to that time. After that date, the withdrawal and refund schedule is as follows:

- Withdraw one day after add/drop date - 95% refund
- Withdraw two days after add/drop date - 50% refund
- Withdraw three days after add/drop date - 25% refund
- Withdraw four or more days after add/drop date - refunds are 0%

Walk-Off Policy

Students will be considered walk-offs if they have stopped attending or participating in classes or vacated their permanent address for a period of three consecutive weeks without notifying the Academic Records office or the Graduate School office. Such students will be withdrawn from the college (for further information see *Finances, Withdrawal Policy*).

Auditing a Course

Individuals may audit any course. An audit fee of \$294 is applicable and advance notice is required. No credit or record of the course audited will be given. Those auditing courses are asked to respect those students taking the course for credit by limiting their verbal contribution to the class. No children may attend any class.

Transfer Credits

Courses to be considered for transfer credit must be similar to those taught at Trinity. Related courses may be considered as transfer for elective credits. The final decision is at the discretion of the Assistant Dean of the Graduate School.

Applicants must arrange for all official college/university transcripts to be sent directly by the graduating institution to Trinity Bible College and Graduate School.

Grades of “C” or better will be considered for transfer credit

The maximum number of credits which can be transferred is 21 credits which will be applied towards coursework. No transfer credits can be applied towards TH690 Thesis.

Credit for Prior Learning

Credit for Prior Learning is intended for those students who can equate prior life experience to graduate level learning and academic work. Application does not guarantee that credit will be awarded; only that it will be evaluated and considered for credit. Trinity Bible College and Graduate School cannot guarantee the transferability of this credit to other institutions or agencies. Evaluation for credit of prior learning will be based on a portfolio compiled by the student.

- Courses to be considered for credit for prior learning must be similar to those taught at Trinity. Related courses may be considered as transfer for elective credits. The final decision is at the discretion of the Assistant Dean of the Graduate School.
- Students who would like credit for prior learning must submit a request in writing to the Dean and/or Assistant Dean of the Graduate School. The student will then be provided with a personal study plan specifying the scope of supporting documentation required in the portfolio:
 - Annotated bibliography of all reading pertinent to subject area in which credit is being sought

- Synthesis paper in Turabian format including time frames of experience in field, scope of work, personal reflections of strengths in field, personal reflections of weakness in field and strategies for improvement
- Letters of reference by approved individuals who can qualify and quantify the applicants work, depth of knowledge, and critical understanding of the field

Completed portfolios will be presented by the Dean and/or Assistant Dean of the Graduate School to the relevant academic departments for review.

A fee is charged for the application of credits for prior learning.

The maximum credits for Prior Learning possible for a Master of Arts program is twelve.

Dual Enrollment Policy

Applicants with a minimum of 60 college credits and extensive experience may apply for dual enrollment in which they complete a Bachelor of Arts degree while starting the Master of Arts program. Students may begin to take graduate courses concurrently with the final 30 credits of the B.A.

A personal study plan will be compiled by the Graduate School Administrator and Enrollment Counselor in line with the existing enrollment procedures at Trinity Bible College and Graduate School:

- A minimum of 30 credits must be completed with Trinity, either on campus or by Distance Education.
- Up to 95 credits may be transferred towards a BA at Trinity.
- A maximum of 30 credits can be earned as credit for prior learning towards the BA.
 - Credit for Prior Learning is intended for those students who can equate prior life experience to college level learning and academic work. Application does not guarantee that credit will be awarded; only that it will be evaluated and considered for credit. Trinity Bible College and Graduate School cannot guarantee the transferability of this credit to other institutions or agencies. Evaluation for credit of prior learning will be based on a portfolio compiled by the student. The personal study plan will specify the scope of supporting documentation required in the portfolio:
 - Annotated bibliography of all reading pertinent to subject area in which credit is being sought

- Synthesis paper in MLA format including time frames of experience in field, scope of work, personal reflections of strengths in field, personal reflections of weakness in field and strategies for improvement
- Letters of reference by approved individuals who can qualify and quantify the applicants work, depth of knowledge, and critical understanding of the field
- Completed portfolios will be presented by the Graduate School Administrator to the relevant academic departments for review.
- A fee will be charged for the application of credits for prior learning.
- Trinity will have the discretion to permit access directly to the MA program for those without a B.A. who have exceptional life experience in Christian leadership. In such cases the individuals will not exceed 5 % of any single year's enrollment or no more than one person should the enrollment be fewer than twenty students.

Double Major, Emphasis, Double Degree

A student may choose to do one MA degree with two majors, or to do two MA degrees. In both cases, credits can be shared between the two majors. The main difference is the single degree with two majors will require a single thesis project which reflects both majors while two MA degrees will require two separate thesis projects.

Double Major

The student fulfills the core of each major and a single thesis which reflects both content areas.

Missional Leadership (ML) major with either the Global Theology (GT) or the Rural Ministries (RM) major:

27 credits	ML core including one GT/RM trip as part of Contextual Studies core
12 credits	ML electives that are two GT/RM trips
6 credits	One GT/RM trip
9 credits	Thesis which reflects the ML and the GT/RM fields of study
<hr/>	
54 total credits	

Global Theology and Rural Ministries majors:

48 credits	4 GT trips and 4 RM trips
9 credits	3 courses: Research Methods 1 and 2, Global Scholar
9 credits	Thesis which reflects the GT and RM fields of study
<hr/>	

66 total credits

MAML Degree with Emphasis

Students can take the MAML degree and choose twelve (12) credits from the core classes of MA Chaplaincy or MA World Religions as the twelve (12) elective credits for MAML.

Double Degree

The student fulfills the core of each major and does two separate thesis projects, one for each content area.

Missional Leadership (ML) major with either the Global Theology (GT) or the Rural Ministries (RM) major:

27 credits	ML core (Cannot include a GT/RM trip as part of Contextual Studies core)
9 credits	ML thesis
12 credits	ML electives that are two GT/RM trips
12 credits	2 GT/RM trips
9 credits	GT/RM thesis
<hr/>	
69 total credits	

Global Theology and Rural Ministries majors:

48 credits	4 GT trips and 4 RM trips
9 credits	3 courses: Research Methods 1 and 2, Global Scholar
9 credits	GT Thesis
9 credits	RM Thesis
<hr/>	
75 total credits	

Transcripts

An academic transcript may be obtained from the Academic Records office. A [Transcript Request form](#) is available and must be accompanied by a hand signature in order to be processed. Requests normally take three to five working days for processing. However, the processing time can take up to two weeks during periods of peak activity (registration, graduation, final exams, etc.). Students will not be issued official transcripts if they have outstanding bills with any office of the college or if student loans are in default. Official transcripts will not be issued via fax or email. Questions may be directed to the Academic Records office via phone at 701-349- 5793 or via email at registrar@trinitybiblecollege.edu.

PROGRAM COMPLETION AND COMMENCEMENT

MA Programs

The MA (Missional Leadership), MA (World Religions), MA (Global Theology), and MA (Chaplaincy) are 48-credit programs that can be completed in as little as two years. There are thirteen courses of three credits each and a nine-credit final thesis.

Students who anticipate completing the thesis during the second year can apply to participate in Graduation Ceremonies.

The MA (Rural Ministries) is a 48-credit program that can be completed in three years.

Degree Requirements

The MA (ML), MA (GT), MA (RM), MA (WR), and MA (Chaplaincy) require a final cumulative GPA of 2.5 or better.

Correction of Education Records

Students have the right to request corrections in their records which they believe are inaccurate, misleading, or in violation of their privacy rights. Following are the procedures for the correction of records:

- Students must ask the appropriate Trinity Bible College and Graduate School official to amend the record. In so doing, students should identify the portion of the record they want changed and specify why they believe it is inaccurate, misleading, or in violation of their privacy or other rights.
- Trinity Bible College and Graduate School may or may not decide to comply with the request. If Trinity decides not to comply, students will be notified by the college of the decision, along with supporting rationale, and advise those students of their right to a hearing to challenge the information believed to be inaccurate, misleading, or in violation of those students' rights.

- Should students disagree with the decision regarding the request for a correction of their education record, they may appeal in writing to the appropriate college official.
- A hearing officer who is a disinterested party will conduct the hearing; however, the hearing officer may be an official of the institution. Students shall be afforded a full and fair opportunity to present evidence relevant to the issues raised in the original request. One or more individuals, including an attorney, may assist students.
- Trinity Bible College and Graduate School will prepare a written decision based solely on the evidence presented at the hearing. The decision will include a summary of the evidence presented and the reasons for the decision.
- If Trinity Bible College and Graduate School decides that the challenged information is not inaccurate, misleading, or in violation of students' right of privacy, it will notify those students they have a right to place in the record a statement that comments on the challenged information or sets forth reasons for disagreeing with the decision.
- The statement will be maintained as part of students' education records as long as the contested portion is maintained. If Trinity Bible College and Graduate School discloses the contested portion of the record, it must also disclose the statement.
- If Trinity Bible College and Graduate School decides that the information is inaccurate, misleading, or in violation of students' right of privacy, it will amend the record and notify those students, in writing, that the record has been amended.

THE MASTER OF ARTS PROGRAMS

Registration

Students will be contacted before the start of each semester for pre-registration. It is the responsibility of the student to notify the Administrative Assistant of the Graduate School before the course add/drop date of any issue that will affect their semester course load.

MA (Missional Leadership)

Program Aims

The combined effect of completing all the course work within the program is intentionally designed to produce life skills and ministry abilities that will serve the graduate in their lives and careers. These aims include the following:

- To provide an extensive knowledge and critical understanding of this component area of Practical Theology
- To develop the ability to engage written sources and empirical data using appropriate critical awareness methods and controls
- To marshal coherent and effective arguments and communicate conclusions in oral and written forms and to integrate these skills in the production of a Master's thesis or capstone project
- To enable the student to demonstrate a competent grasp of a range of technical skills arising within the subject and to develop a variety of approaches to hermeneutical and cultural matters, and both quantitative and qualitative approaches to the investigation of individual and social experience and behavior
- To equip the student to respond critically to their reading, research and data collection, and to develop an attitude of openness toward different theological views and applications

Program Outcomes

Upon successful completion of the program, students will have achieved the following outcomes:

- Knowledge and Understanding
 - The ability to analytically address a range of current questions in this component area of Practical Theology, applying an advanced, systematic and critical understanding to the discipline

- The ability to interpret a range of sources using a variety of tools, critical approaches and methodological idioms consistent with the discipline
- The ability to relate specialist knowledge and the significance of their insights and research to wider theological and professional communities
- Thinking and Cognitive Skills
 - The ability to identify, locate, interpret and analyze primary texts and secondary sources with confidence at a research level
 - The ability to engage critically and creatively with articles from peer review journals and scholarly monographs
 - The ability to exercise a critical awareness of their own and contemporary authors' differing stances representing them with fairness and integrity
 - The ability to represent, evaluate and explore complex and potentially incomplete knowledge relative to the subject, and construct sustained arguments with theological reflection, drawing upon a range of sources and data and routinely applying more than one mode of analysis
- Practical Skills
 - The ability to employ critical, analytical and presentational skills showing a commitment to test evidence, assess arguments and detect bias
 - The ability to make advanced use of library, IT, computer and internet skills to identify and locate sources
 - The ability to represent knowledge gained and communicates this with others in a way that demonstrates critical thought, identifies bias and promotes biblical spirituality

Graduate Characteristics

Following successful completion of an advanced degree program, graduates should demonstrate the following characteristics:

- The ability to conduct independent research into a particular area of study
- Gather, organize and assess data from primary and secondary sources
- Critically analyze and evaluate the view and arguments of others
- Structure and communicate ideas effectively by written and verbal means
- Show critical self-awareness and open mindedness towards other cultures and viewpoints
- Demonstrate a positive attitude toward academic study in the context of faith and spirituality
- Enjoy a greater confidence in sharing their faith
- Demonstrate the humility of an informed Christ follower with a disposition consistent with that of a lifelong learner

Program Purpose

The MA (Missional Leadership) is a research degree in Practical Theology designed to equip the student with both a theological and practical framework for understanding leadership and ministry in a complex cultural context. Developing an understanding of leadership, organizational development and strategic planning from the initial foundation of the curriculum. A critical evaluation of ethical issues in contemporary society along with matters related to spirituality, community and contemporary shifts in leadership models round out a program that equips the student to navigate the demands of a globalized world and the relevant demonstration of the mission of Christ.

The theological emphasis of this program is intended to prepare leaders to live out the relevance of the Christian faith as experienced in a committed faith community. A ministry-specific research track enables the students to investigate their ministry context critically and propose future options for it.

Program Objectives

Upon successful completion of the program, students will have achieved the following outcomes:

- Apply Biblical principles of leadership to contemporary ministry contexts
- Evaluate and respond to cultural phenomena in light of Scriptural values
- Formulate relevant ministry strategies for the globalized world
- Establish a system of ongoing evaluation of ministerial organizations

Program Distinctives

Quality education that engages with the context reflects on theology and rethinks paradigms of leadership:

- Rigorous courses offered in 4 one-week residential sessions per year
- Rigorous WEB-based courses, utilizing digital platforms and synchronous interactive sessions
- Convenient, economical and innovative program that accommodates people with a busy schedule
- Emphasis on spiritual formation and personal development
- Highly qualified and experienced faculty
- Enhanced library services with capability to access theological databases while off-campus

Program Structure

The Master of Arts Missional Leadership can be completed via on-campus sessions or entirely via the Web (online).

The MA (Missional Leadership) is a 48-credit program composed of thirteen courses of three credits each beginning with Research Methods (and Introduction to Graduate Studies if needed), and concluding with a thesis of nine credits. MA (ML) students are required to take a minimum of nine (9) credits for each of the fundamental areas of Missional Leadership: Practical Theology, Leadership Development, and Contextual Studies. There will be reading assigned and research projects to be completed for each course. The program runs in a two-year cycle. For the MA (ML) program that is delivered on campus, courses are usually only offered once in each two-year cycle. For the WEB-based MA (ML) program there are multiple entry dates allowing students to complete the academic requirements within a two-year cycle.

Access to the internet is required for participation in all the Graduate School's program

Electives

Students are allowed up to 12 credits of cross-departmental electives. If a student has transfer credits that do not fit into any of the nine (9) required fundamental areas (Practical Theology, Leadership Development, or Contextual Studies), or if a student is admitted via the Alternative Pathway, (the PT 501 Introduction to Graduate School course), those credits could be part of the 12 elective credits. Electives can be taken from any other Masters program

Length of Study

The minimum time to complete the full MA (ML) is two years. The maximum length of study is six years. If a student takes longer than six years to complete the degree, he or she will need to reapply. A student may request an additional six months after the final residential or web-based session to complete the thesis.

Any courses not taken when initially scheduled will not be offered again until two years later. The schedule of courses and Residential Sessions is made two years in advance. Web-based programs may offer a flexible schedule of courses over a two-year period.

MA (Global Theology)

Program Aims

The combined effect of completing all the course work within the program is intentionally designed to produce life skills and abilities that will serve the graduate in their lives and careers, these aims include the following:

- To provide an extensive knowledge and critical understanding of this component area of Practical Theology
- To develop the ability to engage written sources and empirical data using appropriate critical awareness methods and controls
- To marshal coherent and effective arguments and communicate conclusions in oral and written forms and to integrate these skills in the production of a Master's thesis or capstone project
- To enable the student to demonstrate a competent grasp of a range of technical skills arising within the subject and to develop a variety of approaches to hermeneutical and cultural matters, and both quantitative and qualitative approaches to the investigation of individual and social experience and behavior
- To equip the student to respond critically to their reading, research and data collection, and to develop an attitude of openness toward different theological views and applications

Program Outcomes

Upon successful completion of the program, students will have achieved the following outcomes:

- Knowledge and Understanding
 - The ability to address analytically a range of current questions in this component area of Practical Theology, applying an advanced, systematic and critical understanding to the discipline

- The ability to interpret a range of sources using a variety of tools, critical approaches and methodological idioms consistent with the discipline
- The ability to relate their more specialist knowledge and the significance of their insights and research to wider theological and professional communities
- Thinking and Cognitive Skills
 - The ability to identify, locate, interpret and analyze primary texts and secondary sources with confidence at a research level
 - The ability to engage critically and creatively with articles from peer review journals and scholarly monographs
 - The ability to exercise a critical awareness of their own and contemporary authors' differing stances representing them with fairness and integrity
 - The ability to represent, evaluate and explore complex and potentially incomplete knowledge relative to the subject, and construct sustained arguments with theological reflection, drawing upon a range of sources and data and routinely applying more than one mode of analysis
- Practical Skills
 - The ability to employ critical, analytical and presentational skills showing a commitment to test evidence, assess arguments and detect bias
 - The ability to make advanced use of library, IT, computer and internet skills to identify and locate sources
 - The ability to represent knowledge gained and communicates this with others in a way that demonstrates critical thought, identifies bias and promotes biblical spirituality

Graduate Characteristics

Following successful completion of this degree program, graduates should demonstrate the following characteristics:

- The ability to conduct independent research into a particular area of study
- Gather, organize and assess data from primary and secondary sources
- Critically analyze and evaluate the view and arguments of others
- Structure and communicate ideas effectively by written and verbal means
- Show critical self-awareness and open mindedness towards other cultures and viewpoints
- Demonstrate a positive attitude toward academic study in the context of faith and spirituality
- Enjoy a greater confidence in sharing their faith
- Demonstrate the humility of an informed Christ follower with a disposition consistent with that of a lifelong learner

Program Purpose

The globalization of the Christian faith has resulted in many new voices contributing to theological discussion. Many of the perspectives that these new, global voices share are forged in cultural and social milieus very different to the Western world view which was, to some extent, the outcome of Christian theology in the first place.

The Master of Arts (Global Theology) is designed to enable a reflective and critical evaluation of the context in which contemporary theological thought is generated. Examining the writings of contemporary global Christian scholars within their own context should throw valuable light on Christian theology. Central to this three-year degree are four continental learning experiences supported by annual on-campus sessions.

Program Objectives

Upon successful completion of the program, students will have achieved the following outcomes:

- Apply Biblical principles to contemporary ministry contexts
- Evaluate and respond to cultural phenomena in light of Scriptural values
- Evaluate and respond to historical events and their aftermath in light of Scriptural values
- Formulate relevant ministry strategies for the globalized world
- Model Biblical principles appropriately in a cross-cultural context
- Develop personal habits of lifelong learning

Program Distinctives

The MA (GT) program with Trinity has two unique features that set it apart from the many programs nationwide:

1. The cohort basis of the program specifically designed to accommodate those in full time ministry. This provides the benefit of face-to-face interaction with the professor and with classmates, while making it possible to continue to minister or work full time.
2. The emphasis placed on direct contact with locations that influenced theological development, for example; Europe (Christian Theology and Secular Thought), Latin America (Christian Theology in a Post-Liberation Theology Context), Africa (Christian Theology in a Post-Colonial Context), and Asia (Christian Theology and Religious Pluralism).

Program Structure

The MA (Global Theology) is a 48-credit program and can be completed in as little as two years. The MA (GT) program outline is as follows:

Fall Year 1

LD 610 Global Scholar
PT 510 Research Methods
PT 530 Theological Constructs

Spring Year 1

GT 510 Collapse of Empire and Christian Theology*and
GT 610 Post-Colonialism and Christian Theology
CS 610 Research Methods 2: Thesis Proposal

Fall Year 2

LD 610 Global Scholar
TH 690a Thesis 1
GT 620 Global Islam and Christian Theology and
GT 615 Religious Pluralism and Christian Theology
TH 690b Thesis 2

*Apart from GT 510, other trip dates may not occur

Length of Study

The minimum time to complete the full MA(GT) is two years. The maximum length of study is six years. If a student takes longer than six years to complete the degree, he or she will need to

reapply. A student may request an additional six months after the final residential session to complete the thesis.

Any courses not taken when initially scheduled will not be offered again until two years later. The schedule of courses and Residential Sessions is made two years in advance.

MA (Rural Ministries)

Program Aims

The combined effect of completing all the course work within the program is intentionally designed to produce life skills and abilities that will serve the graduate in their lives and careers, these aims include the following:

- To provide an extensive knowledge and critical understanding of this component area of Practical Theology
- To develop the ability to handle written sources and empirical data using appropriate critical awareness methods and controls
- To marshal coherent and effective arguments and communicate conclusions in oral and written forms and to integrate these skills in the production of a Master's thesis or capstone project
- To enable the student to demonstrate a competent grasp of a range of technical skills arising within the subject and to develop a variety of approaches to hermeneutical and cultural matters, and both quantitative and qualitative approaches to the investigation of individual and social experience and behavior

 - The ability to contextualize ministry and evangelism to make community connections and spread the gospel.
 - The ability to develop and expand leadership skills for personal use and multiplication in others.
 - The ability to multiply and mobilize ministry in church planting and revitalization.
 - The ability to develop partnerships to advance the gospel.
 - The ability to apply coaching in evangelism, leadership of teams and groups, conflict resolution, mentoring and advancing leaders, and for personal applications.

Graduate Characteristics

Following successful completion of this degree program, graduates should demonstrate the following characteristics:

- The ability to conduct independent research into a particular area of study
- Gather, organize and assess data from primary and secondary sources
- Critically analyze and evaluate the view and arguments of others
- Structure and communicate ideas effectively by written and verbal means
- Show critical self-awareness and open mindedness towards other cultures and viewpoints

- Demonstrate a positive attitude toward academic study in the context of faith and spirituality
- Enjoy a greater confidence in preaching, , and mobilizing others in ministry gifts
- Demonstrate the humility of an informed Christ follower with a disposition consistent with that of a lifelong learner

Program Objectives

Upon completing the MA (RM), the student should be able to:

- Apply Biblical principles to contemporary ministry contexts
- Evaluate and respond to cultural phenomena in light of Scriptural values
- Evaluate and respond to historical events and their aftermath in light of Scriptural values
- Formulate relevant ministry strategies for the rural context
- Model Biblical principles appropriately in a rural context
- Develop personal habits of lifelong learning

Program Distinctives

The MA (RM) program with Trinity has two unique features that set it apart from the many programs nationwide:

- The cohort basis of the program specifically designed to accommodate those in full time ministry
 - This provides the benefit of face-to-face interaction with the professor and with classmates, while making it possible to continue to minister or work full time
- Emphasis is placed on direct contact with locations involving rural ministries learning experiences

Program Structure

The MA (Rural Ministries) is a 48-credit program and can be completed in three years. The MA (RM) outline is as follows:

Fall Year 1

LD 610 Global Scholar

PT 510 Research Methods

RM 501 Introduction to Leadership Coaching

Graduate Characteristics

Following successful completion of this degree, program graduates should demonstrate the following characteristics:

- The ability to conduct independent research into a particular area of study
- Gather, organize and assess data from primary and secondary sources
- Critically analyze and evaluate the view and arguments of others
- Structure and communicate ideas effectively by written and verbal means
- Show critical self-awareness and open mindedness towards other cultures and viewpoints
- Demonstrate a positive attitude toward academic study in the context of faith and spirituality
- Enjoy a greater confidence in sharing their faith
- Demonstrate the humility of an informed Christ follower with a disposition consistent with that of a lifelong learner

Program Purpose

The MA (Chaplaincy) is a service-oriented and research degree in Practical Theology designed to equip the student with both a theological and practical framework for understanding service and ministry in a complex cultural context. Developing an understanding of service, specialized ministry, and pastoral counseling from the initial foundation of the curriculum. A critical evaluation of ethical issues in contemporary society along with matters related to spirituality, community and social needs round out a program that equips the student to navigate the relevant demonstration of the mission of Christ.

The theological emphasis of this program is intended to prepare chaplains to live out the relevance of the Christian faith as experienced in a committed faith community through two Clinical Pastoral Education units or an internship. A ministry-specific research track enables the students to investigate their ministry and service context critically and propose future options for it.

Program Objectives

Upon successful completion of the program, students will have achieved the following outcomes:

- Apply Biblical principles of service to contemporary ministry contexts
- Evaluate and respond to cultural phenomena in light of Scriptural values
- Formulate relevant ministry strategies for local organizations
- Establish a system of ongoing evaluation of service organizations

Program Distinctives

Quality education that engages with the context reflects on theology and rethinks paradigms of service:

- The MA Chaplaincy courses are web-based
- Two Clinical Pastoral Education (CPE) units, or a 240-hour internship
- Convenient, economical and innovative program that accommodates people with a busy schedule
- Emphasis on spiritual formation and personal development
- Highly qualified and experienced faculty
- Enhanced library services with capability to access theological databases from your home

Program Structure

The MA (Chaplaincy) is a 48-credit program and can be completed in two years. The MA (Chaplaincy) outline is as follows:

Fall Year 1

PT 510 Research Methods
LD 610 Global Scholar 1 & 2
CM 510 Chaplaincy Ministry

Spring Year 1

CM 520 Ministering in Pluralistic Contexts
CM 610 Foundation of Critical Incident Stress Management

Fall Year 2

PT 610 Foundational Ethics
CM 620 Grief, Trauma, and Bereavement Care
CS 610 Research Methods 2: Thesis Proposal
CM 530 Principles of Counseling

Spring Year 2

CS 620 Biblical Theology of Justice
TH 690a Thesis and TH 690b Thesis
CM 690 Internship

The MA (Chaplaincy) is a completely online MA degree. There will be reading assigned prior to each online session and a research project to be completed for each course. The program runs in a two-year cycle. Most courses are only offered once in each two-year cycle.

MA (World Religions)

Program Aims

- To provide an extensive knowledge and critical understanding of this component area of Practical Theology
- To develop the ability to handle written sources and empirical data using appropriate critical awareness methods and controls
- To marshal coherent and effective arguments and communicate conclusions in oral and written forms and to integrate these skills in the production of a Master's thesis or capstone project
- To enable the student to demonstrate a competent grasp of a range of technical skills arising within the subject and to develop a variety of approaches to hermeneutical and cultural matters, and both quantitative and qualitative approaches to the investigation of individual and social experience and behavior
- To equip the student to respond critically to their reading, research and data collection, and to develop an attitude of openness toward different theological views and applications

Program Outcomes

Upon successful completion of the program, students will have achieved the following outcomes:

- Come to a comprehensive understanding of world religions globally and locally
- Better understand peoples and cultures that are practitioners of the studied religions
- The MA World Religions is a foundation to a terminal degree

Graduate Characteristics

Following successful completion of this degree program, graduates should demonstrate the following characteristics:

- The ability to conduct independent research into a particular area of study
- Gather, organize and assess data from primary and secondary sources
- Critically analyze and evaluate the view and arguments of others
- Structure and communicate ideas effectively by written and verbal means
- Show critical self-awareness and open mindedness towards other cultures and viewpoints
- Demonstrate a positive attitude toward academic study in the context of faith and spirituality
- Enjoy a greater confidence in sharing their faith
- Demonstrate the humility of an informed Christ follower with a disposition consistent with that of a lifelong learner

Program Purpose

Trinity's MA World Religions, and its four concentrations of Buddhism, Islam, Hinduism, or Secular Humanism, is designed to prepare students to excel in a cross-cultural context, to study the theological foundations of world religions. This program is a comprehensive in-depth study of topics relevant to world religions. Developing critical thinking skills will equip students for greater effectiveness.

Program Objectives

Upon successful completion of the program, students will have achieved the following outcomes:

- Understand past key missionary movements throughout the world
- Understand selected world religions
- Develop holistic spiritual formation practices for health and service
- Articulate a Biblical theology in comparison to other world religions
- Engage in meaningful intercultural conversations to communicate effectively
- Utilize anthropological knowledge to understand humankind in historic and socio-cultural contexts
- Identify and critically analyze religious trends and issues in order to remain effective in other religious context

Program Distinctives

- Quality education engages with its context, reflects on theology, and rethinks paradigms
- Rigorous courses offered through the web-based format
- A convenient, economical, and innovative program that accommodates people with a busy schedule
- Emphasis on world religions and how to effectively understand and relate to these faiths
- Highly qualified and experienced staff
- Enhanced library serves with the capability to access theological databases from anywhere

Program Structure

The MA (World Religions) and the four concentrations, including Buddhisms, Islam, Hinduism, or Secular Humanism, is a 48-credit program and can be completed in two years. The MA (WR) outline is as follows:

Elective courses can be used to replace any of the other concentration specific courses. There will be reading assigned prior to each online session and a research project to be completed for each course. The program runs in a two-year cycle. Most courses are only offered once in each two-year cycle. The MA (WR) concentrations include Hindu, Islamic, Buddhist and Secular Humanism studies.

Length of Study

The minimum time to complete the full MA(WR) is two years. The maximum length of study is six years. If a student takes longer than six years to complete the degree, he or she will need to reapply. A student may request an additional six months after the final residential session to complete the thesis.

Any courses not taken when initially scheduled will not be offered again until two years later.

THE HERMAN G. JOHNSON PUBLIC LECTURE SERIES

Reputable academic institutions routinely host a public lecture delivered in honor of a noted personality. Trinity Bible College and Graduate School is following that rich tradition by offering the Herman G. Johnson public lecture. Each year in the early Fall a noted academic is invited to deliver a lecture with a subject that offers wide interest and addresses a relevant aspect of current importance. The lecture is named in honor of the first Superintendent of the North Dakota District Council of the Assemblies of God, Herman Johnson. Rev. Johnson served tirelessly in the Northern Plains and beyond and his labors live on in great churches and a generation of Christian leaders. The leadership at Trinity Bible College and Graduate School considers it a privilege to be able to honor this great man and his family in this way.

Introducing Herman G. Johnson

Born near Bismarck, ND, Herman Johnson entered the ministry in 1924 in Kulm, ND. He married Ellen Ackerson. Rev. Johnson was ordained by what was then known as the North Central District of the Assemblies of God. From 1928 to 1933, he pastored in Minot, ND and there he pioneered a radio ministry. From 1933-1935 he pioneered the AG church in Bismarck, ND. During that period of time, MT, ND, SD, MN, and WI comprised the North Central District of the AG. When the one District became five, Rev. Johnson was elected as the first Superintendent of the ND District of the AG. In 1958, he became the pastor in Mandan, ND and from there, in 1964, he moved to Carrington, ND, building a nursing home for the ND District. In 1966 he moved to the Northwest District of the Assemblies of God where he served, as Visitation Pastor in Spanaway, WA, until his home going at the age of 91, having served over 60 years in ministry. His widow, Ellen Johnson, served the church in many capacities, until she joined Herman, at the age of 102.

ASSESSMENTS

More than memorization, reading, and source documentation, graduate-level learning is demonstrated through the creation of meaningful avenues of service that evolve from sustained theological reflection and accurate understanding of one's culture and context. Students are encouraged to think of education in terms of experience and participation more than hours in a classroom. Academic rigor at this level requires students to think critically, formulate questions, and creatively search for solutions. Activities may include but are not limited to:

- Understanding the strengths and weaknesses of one's personality and leadership
- Accurate understanding of culture
- Framing language around concepts and ideas
- Developing critical thinking skills in relation to practice
- Learning how to engage rather than be isolated from culture

This kind of learning requires setting aside valuable time to reflect over reading, engaging in dialogue with professors and peers, and investing large amounts of time to discover and better understand one's community.

The follow criteria characterize projects earning these grades:

A (5)	<ul style="list-style-type: none">• Very high standard of critical analysis using appropriate conceptual frameworks• Excellent understanding and exposition of relevant issues• Clearly structured and logically developed arguments• Good awareness of nuances and complexities• Substantial evidence of well-executed independent research• Excellent evaluation and synthesis of source material• Relevant data and examples, all properly referenced
B (4)	<ul style="list-style-type: none">• High standard of critical analysis using appropriate conceptual frameworks• Clear awareness and exposition of relevant issues• Clearly structured and logically developed argument• Awareness of nuances and complexities• Evidence of independent research• Good evaluation and synthesis of source material• Relevant data and examples, all properly referenced

C (3)	<ul style="list-style-type: none"> • Uses appropriate conceptual frameworks • Attempts analysis but includes some errors and/or omissions • Shows awareness of issues but no more than to be expected from attendance at classes • Arguments reasonably clear but underdeveloped • Insufficient evidence of independent research • Insufficient evaluation of source material • Some good use of relevant data and examples, but incompletely referenced
D (2)	<ul style="list-style-type: none"> • Weak understanding of appropriate conceptual frameworks • Answer too descriptive and/or any attempt at analysis is superficial, containing errors and/or omissions • Shows some awareness of issues but also some confusion • Arguments not very clear • No evidence of independent research and reliance on a superficial repeat of class notes • Superficial use of relevant data, sources and examples and poorly referenced
F (1)	<ul style="list-style-type: none"> • Very weak understanding of appropriate conceptual frameworks • Very weak analysis and several errors and omissions • Establishes a few relevant points but superficial and confused exposition of issues • No evidence of independent research and poor understanding of class notes • Poor or no use of relevant data, sources and examples, and no references

Assessments for courses are designed by professors and are described in the course syllabus. Each part of the assessment is evaluated by the following grid on a scale of 1 (unsatisfactory) to 5 (excellent). Please note that items in the grid may not be assigned the same weight or value. Some are considered more critical than others. Since learning is the goal, through dialogue with one's professor or peers, further research, writing, and resubmission of a project may be required.

Appropriate style						Inappropriate style

SUBMISSION OF ASSIGNMENTS

All assignments are to follow the Turabian footnote style format and submitted electronically. Students are strongly encouraged to communicate with their professors while they are working on their research projects. The faculty of the Graduate School is committed to helping students successfully achieve the academic rigor of graduate studies.

The Graduate School has developed its own Turabian Style Sheet that students will be required to use as the primary style guide. Along with this, it is recommended that students obtain and become familiar with Turabian, Kate L. *A Manual for Writers of Research Papers, Theses, and Dissertations*, Ninth Edition. Chicago: The University of Chicago Press, 2019.

All assignments are to be submitted using the Project Submission Form provided. Even when submitting portions of assignments or drafts for initial review to the professor, it is the student's responsibility to include this form. The professor uses this to track the ongoing dialogue of the development of the assignment. The professor will keep a copy of each comment cycle as a record. Though these interactions are not directly evaluated as part of the final grade, to underutilize this option risks a poorer grade than otherwise could be earned.

The final paper is submitted in the template included in the Project Submission Form including all interactions with the professor. It is submitted to the student management site [Inside Trinity].

Due Dates

Final assignments are due eight weeks after the completion of the residential session, or as stipulated on the course syllabus.

Extensions

Extensions are given at the discretion of the course professor.

Late Policy

Late work will be penalized by limiting the grade to a maximum of a C. Where an extension was approved, work submitted after the extension date will be considered late.

Academic Dishonesty

Academic dishonesty is any act that compromises the integrity of the educational process of Trinity Bible College and Graduate School, including cheating, fabrication, and plagiarism. In the case of academic dishonesty, the instructor is at liberty to file an Incident Report with the Dean of the Graduate School and the appropriate action will be taken. It is at the discretion of the instructor to decide if the student will receive a failing grade for the work that was involved in the violation and/or receive a failing grade in the course.

THESIS

The thesis is the culmination of the MA (ML), MA (GT), MA (RM), MA (WR), and MA (Chaplaincy) programs. Students should familiarize themselves with the thesis requirements as stated in the syllabus for TH690 when they first begin their program to allow time for the development of ideas and exploration of possible topics throughout the duration of their studies.

The thesis is done during the final year of study, concurrent with the final courses for that year. The total thesis is nine credits. However, to facilitate the credit load per semester, it is registered in two sections, TH690a is three credits registered in one semester and TH690b is six credits registered in the following semester. CS610, Thesis Proposal, facilitates the preparation of the thesis research proposal.

Students begin to work on the first draft of their research proposal prior to the Peer Review session of their final year as part of CS610. The Graduate Studies Committee approves research topics and choice of supervisor at the Peer Review session, or as soon as possible following the Peer Review session.

The final thesis is due to the supervisor no later than the Monday before Christmas (December graduation) or the last Monday of March for April or May graduation.

If needed, the student may request a six-month extension for the thesis. The request for the extension must be made in writing to the Assistant Dean **before** the final due date of the thesis.

Each thesis will be marked by the thesis supervisor and a second reader determined by the Graduate Studies Committee.

MA COURSE DESCRIPTIONS

Biblical Studies (BS)

BS 539 Special Topics

1-9 Credits

These courses will be offered by Trinity Bible College and Graduate School as the need arises for various topics in Biblical studies. The title of the course will be determined by the content of the syllabus. Approval by the Dean of the Graduate School required.

Buddhist Studies (BU)

BU 530 Emerging Movements in Buddhism

3 Credits

Examines how Buddhism has continued to develop and adapt to the changing circumstances of those under its influence. Various movements within the three main streams of Buddhism will be examined more closely. Special attention will be given to development of the western transmission of Buddhism that has arguably become the fastest growing religion in America today.

BU 570 Biblical Bridges to Buddhism / Buddhists

3 Credits

Examines Biblical perspectives on Buddhist worldviews, beliefs, practices, and philosophies including karma and merit, rebirth, suffering, nirvana, and the “middle path.” These Biblical perspectives will become tools to reach Buddhists for Jesus Christ.

BU 630 Region-specific Directed Studies

3 Credits

An overview of a selected stream of Buddhism, including its historical background, development, growth, and diversity with a focus on Christian engagement with the selected branch of Buddhism.

BU 650 Leadership Development for Buddhist-Background Believers

3 Credits

Examines values and components of leadership development in a Buddhist context. Key areas include Assemblies of God methodologies used abroad, cultural aspects, ministerial functionality, and integration for developing Pentecostal leaders. Leadership is viewed through history, culture, and education by portraying intentional development in a global fellowship.

Special Topics in Buddhist Studies

3 Credits

Examines a specific area of interest in Buddhist Studies.

Chaplaincy Ministry Studies (CM)

CM 510 Foundation of Chaplaincy Ministry

3 Credits

The course will assist participants in defining the ministry of a chaplain in a variety of contexts. This will be accomplished by exploring and evaluating various chaplaincy options as full or part-time ministry vocations. Primary emphasis will be given to institutional chaplaincies (hospital, hospice, prison, etc.).

CM 520 Ministering in Pluralistic Contexts

3 Credits

This course is designed to equip students to increase their effectiveness in embodying the redemptive *Missio Dei* for the whole world and the Great Commission by the whole Church as they proactively engage diverse communities and people groups outside the local church. The *Missio Dei*, rooted in God's compassionate heart for all *ethnos* throughout the Old and New Testaments, will provide the foundation for embodying the Gospel in the increasingly pluralistic world. Students will have opportunities to examine individual biases, increase awareness of diverse worldviews and cultures, and develop practical ministry strategies they can apply directly in their own contexts.

CM 530 Principles of Counseling

3 Credits

This course provides an introduction to various counseling roles, both in the church and other service organizations. It familiarizes students with the major theoretical approaches to counseling and psychotherapy. The therapy process is examined in terms of the roles of the counselor and the counselee, some of the techniques employed, and the ethical issues related to counseling.

CM610 Foundation of Critical Incident Stress Management (CISM)

3 Credits

As a guide to compassionate crisis ministry, this course will introduce biblical and historical examples related to crisis ministry. Students will examine the recent CISM status and notable crisis events and discuss the importance of Christians' involvement in contemporary crisis ministry. An overview of techniques and applications will be taught by integrating International Critical Incident Stress Foundation's (ICISF) two core courses: Assisting Individual in Crisis and Group Crisis Intervention (GRIN). Upon successfully completing this course, students will receive a nationally recognized CISM certificate.

CM 620 Grief, Trauma, and Bereavement Care

3 Credits

This course will provide a biblical understanding of the nature of grief and trauma and corresponding principles and techniques for effective spiritual care and counseling. The basic counseling skills coupled with the biblical, theological, and ethical concerns in pastoral care ministry are discussed. Particular emphasis will be given to working with individuals and families as they journey through the grieving process. Opportunities will also be given for students to demonstrate their understanding of the stages of grief as well as determining practical approaches to pastoral care for those of a common faith, a different faith, or those professing no faith.

CM 690 Internship**6 Credits**

Students are encouraged to participate in two Clinical Pastoral Education (CPE) units which will fulfill the six-credit internship requirements. Students must complete the core chaplaincy credits (CMS) prior to the internship. For students interested in organizing their own internship, they may do so with permission of the Graduate School faculty. A practical outworking of the student's education experience is anticipated with expectations of reflection upon the service as part of the course work. The internship should be a minimum of 14 weeks and a maximum of 16 weeks. The expectations will be detailed for the Graduate School by the student in the student's internship application and internship covenant.

Contextual Studies (CS)**CS 510 An Introduction to Mission and Culture****3 Credits**

Although introductory, this course is designed to engage the student in becoming familiar with the growing genre of material available in contemporary mission studies. Identifying the components of culture, the course provides the student with the tools to identify cultural forms and norms without imposing a Christianized worldview on lifestyles and practices that are different to their own. The transformational impact of the Gospel in the lives of individuals and communities is examined in the light of a biblically based theology that takes the missional call of the Church seriously.

CS 520 Missionary Movements in Review:**3 Credits**

Lessons for Contemporary Mission

Adopting the historical method of identifying key events from the past, this course will undertake a history of Christian movements pre and post the 17th century. An overview of movements that can be clearly identified as missionary due to their evangelistic and outward focus will lay the foundation for the course. In turn this will allow for a critical examination of what defines a missionary movement, the interrelationship between the organic nature and organizational reality of mission and any common factors that exist in the success or long-term demise of a missionary movement. The outcome will be to develop analytical tools that provide lessons for contemporary missions.

CS 530 Contextualized Studies**3 Credits**

Contextualized Studies is communicating the mission of God in the Old and New Testaments to a globalized yet diversified world. Contextualized Studies is less about specific places, but rather peoples with their respective faiths and unique languages and cultures regardless of where they reside. However, people do not live in a vacuum. People have backgrounds of theology, culture and history. To effectively strategize to reach them the missional church must consider these

areas of influence to effectively communicate the gospel. Therefore, this course will follow reflection/action praxis to discuss and implement Contextualized Studies.

CS 610 Research Methods 2: Thesis Proposal

3 Credits

A post-graduate degree should be characterized by heightened competencies in areas such as reflective thought, critical analysis and familiarity with relevant literature. Employing appropriate research methodologies Trinity post-graduate degrees comprise a significant research track that enables the student to explore ministry specific fields of study. The objective is to reinforce lifelong learning, the humility of a scholar and applied learning relevant to the student's own context. This allows some degree of specialization whilst accommodating academic rigor and the positive involvement of a well-qualified supervisor. Additionally, this part of the program is designed to equip those students who wish to pursue further studies.

CS 620 The Biblical Theology of Justice

3 Credits

Combining biblical studies and theology, this course identifies the overarching biblical narrative of God's love for the poor, the widow, the orphan and the foreigner. Based on the Talmudic concept of Jubilee this course will trace the messianic story of the Bible culminating in the coming of Christ to bring the message of the Kingdom of God. Having established a theological rationale, this course will then explore contemporary models of expressing God's Kingdom through acts of service, the establishment of ministries of mercy and the responsibility of the contemporary church to be a voice for the oppressed and an advocate for the poor.

CS 630 Intercultural Communication

3 credits

Analyzing various intercultural communication theories and methods, students will develop the knowledge and skills necessary to communicate the gospel to people living in the diverse cultures of our world. This course will address issues of trust and openness and how these dynamics affect intercultural communication. Common barriers to intercultural communication will also be discussed. Consideration is given to varying worldviews, cultures, societal structures, gender roles, the use of technology, and how these affect communications, and the contextualization of the gospel message.

CS 640 Cultural Anthropology

3 credits

This course is a comprehensive study of the socio-cultural dynamic of humankind and how it applies to the missional context. It will lay the groundwork for anthropological expertise in producing ethnographic studies and adapting the biblical message for diverse cultural contexts. It will also prepare the student to utilize anthropology as a lens through which to interpret the contemporary world across the spectrum from the global society to one's own multicultural

team. Topics will include research methods, elements of culture, cross-cultural theologizing, globalization, and interaction of cultures.

CS 650 Hinduism Studies

3 Credits

This course will provide a foundational understanding of Hinduism. The student will learn key concepts and terms such as dharma (law), karma (action), moksha (salvation), samsara (reincarnation), guru (teacher), and yajna (sacrifice). The student will learn of the key Hindu writings (the Vedas, the Upanishads, the Ramayana, the Mahabharata, and the Bhagavad Gita) as well as the six schools of Hindu philosophy (Sankhya, Yoga, Nyaya, Vaisheshika, Mimamsa, and Vedanta). This course gives emphasis on creating bridges for gospel witness among Hindus.

CS 655 Buddhism Studies

3 Credits

An overview of Buddhism, including its historical background, development, and growth. An overview of each of the main sects of Buddhism will also be included. The course will examine the main beliefs and practices of Buddhists, noting similarities and critical differences between the major sects of Buddhism. A final focus of the course will include a Christian view of key Buddhist concepts and beliefs, and the basics on how Christians can engage Buddhists.

CS 660 Islamic Studies

3 Credits

This course introduces the history, beliefs and practices of Islam. There is no one expression of Islam. Therefore, the great diversity of Muslim peoples belief expressions globally are discussed. The place of love, truth and power among Muslims are reflected in Islam's popular expressions through Folk Islam in predominant Sunni and Shiite Islam. Gender segregation is vital to understand in Islam, thus women in Islam is a vital component of the course. Consideration of the differences of common themes in Islam and Christianity in the areas of Christology, Soteriology and Eschatology.

CS 670 Secular Humanism

3 Credits

In the 21st century, one can witness the crystallization of the new atheistic, humanist program of the good life, secular humanism. It combines the humanist ethic with the metaphysical doctrine that God does not exist or at least the epistemological view that knowledge of God is doubtful. Secular humanists believe that we can build a better world for ourselves and future generations with reason, goodwill, and tolerance. The Introduction to Secular Humanism familiarizes the student with the prominent representatives of humanistic philosophy and defines the importance of this term in modernity.

Global Theology (GT)

GT 510 Collapse of Empire and Christian Theology:

6 credits

Descent of the West and Its Impact on Christian Thought and Practice [Europe]

The Great War (1914 - 1918) had a catastrophic impact on the dynasties that had ruled Europe and its Empires for hundreds of years. More devastating was the confusion that followed. In the developing world questions about how Christians could war with each other cast many doubts on the validity of the message carried by missionaries at the height of the colonial era. In Europe itself, widespread disillusionment set in, resulting in the casting off of social restraint during the "roaring '20s" and then the development of classical postmodern thought in the academy during the 1930's. This module is facilitated by visiting Europe, seeing key sights and museums, and engaging with a variety of people who can offer commentary and opinion about this catalytic time and its impact on Christian thought and practice. Historical methods will be discussed in an applied context and the student assisted in identifying a meaningful research topic that will adequately address the subject.

GT 610 Post-Colonialism and Christian Theology:

6 credits

Deconstructing Old Paradigms [Africa]

The single most influential idea in the contemporary African Church and its theology is the legacy of European Colonialism. Redemptive language is often interposed with concepts of freedom from the oppression of the colonists. This has created a context that is difficult to describe or understand. However, contextual engagement within the African Church will provide valuable experiences even if these are difficult to quantify. Through visiting African churches, engaging with scholars and pastors, and examining the colonial history of a region the student should be able to engage in reflective analysis and identify an area of research that would positively contribute to the continued effort to ensure biblical orthodoxy in a post-colonial, highly politicized part of the Church of Jesus Christ.

GT 615 Religious Pluralism and Christian Theology:

6 credits

Understanding Context, Community, and Relevance [Asia]

Religious pluralism is one of the key factors that describes contemporary globalization. Asia has a long history of accommodating religious pluralism. Visiting countries whose vast populations hold different religious views provide opportunities to evaluate diversity and view our Christian faith in a context where it is, at best, a comparative religion. Bringing the good news of Jesus to communities who have in some instances practiced their faith for hundreds of years before the advent of Christian faith requires careful theological thought, a sensitive apologetic, and an exemplary lifestyle. This facilitated learning experience is intended to produce these outcomes.

GT 620 Global Islam and Christian Theology:**6 credits**

A Christ-Centered Response [Middle East]

The twentieth century saw an unprecedented expansion of Islam around the world. Europe has experienced the mass migration of millions of people from Islamic countries. Additionally, there has been the rise of radical Islam often with the use of violence. This has polarized the international community, often producing reactionary rhetoric from Christian leaders. This saturation experience seeks to analyze the socio-political impact of global Islam and propose Christ-centered responses drawing on careful theological reflection. The experience will include time in a Middle Eastern country, dialogue with those involved in serving in a majority Islamic environment, and visits to Islamic centers.

Hindu Studies (HS)**HS 510 Survey of Hindu Philosophies****3 Credits**

The objective of this course is to understand Hindu philosophical systems by which Hindu worldviews have developed over centuries and how such worldviews have impacted Hindu minds both in intellectual and grass root levels. It will try to help students in making bridges to communicate the gospel to the Hindus, both in Hindu dominated nations and Hindu Diaspora. This is an introductory course on the Hindu philosophies; we will limit our scope in understanding non-systematic and systematic presentations of Hindu philosophies and critically assess the pros and cons of these presentations in the light of biblical worldview.

HS 530 Hindu Festivals and Bridges to the Truth**3 Credits**

Hinduism has a longer list of festivals than any other religious tradition. While these festivals are meant to celebrate Hindu deities, a pathway for gospel communication can be created from each festival. The student will discover eight of the most significant Hindu festivals and learn how to create avenues of conversation across which the gospel can be presented.

HS 570 Effective Mission Among Hindus**3 Credits**

This course provides lessons from the past, especially exploring some drawbacks that we need to avoid. The challenge of understanding how to present the God of the Bible to Hindus in a meaningful and lasting way continues to perplex the mission-minded person. This historical journey will provide insight into effective ways of communicating the gospel to those from Hindu backgrounds.

HS 630 Emerging Hindu Movements in North America**3 Credits**

Hindu influence in the United States continues to surge forward. It began with trade ships that traveled between ports in India and New England in the early 19th century. In the late 1960s

and 1970s, new streams of Hindu religious life came to the U.S. with the arrival of new gurus or spiritual teachers. At the same time, increasing numbers of Hindu students and professionals immigrated to the U.S. from diverse regions in India. As a result, there are around 2.5 million Hindus in the U.S., most of whom are relatively recent immigrants. This course will explore the Hindu Movements in the U.S., with emphasis on building bridges into the Hindu community for gospel witness.

HS 650 Encountering Hindu Religion and Culture

3 Credits

How should Christians present Jesus as “the Way, the Truth and the Life” in an increasingly globalized world marked by growing ethnic, cultural and religious diversity? This course seeks to equip students with biblical, theological and phenomenological resources for responding effectively to the challenges presented by religious pluralism to Christian Witness in the twenty-first century.

HS 670 Folk Hinduism

3 Credits

This course will provide understanding of Folk Hinduism, exploring the various non-classical forms of Hinduism practiced both within and outside of India. This course introduces the concept of a veneer of Hinduism overlaying an animistic cosmology, relating the practice of Hinduism to a fear/power dominated cultural orientation.

Folk Hinduism encompasses village deities, mediums, festivals, and other ritual events followers utilize to navigate the uncertainties of daily life. Students will find this course useful for finding bridges for communicating the gospel, especially to non-Brahmin Hindus.

Islamic Studies (IS)

IS 530 Islam in the United States

3 Credits

The United States is the most diverse nation in the world reflecting every Muslim country in the world. This course explores Islam’s origins in North America in the sixteenth century to its expression today through immigration, marriage, and birthrate has resulted in a vibrant and successful Muslim community. Islam’s presence and growth among African Americans, Latinos and Anglos receive special consideration. Efforts to engage Muslim peoples in the United States are studied in this course.

IS 550 Faiths Embraced Among Muslims and Pedagogies

3 Credits

Globally, Muslims are impacted by globalization which results in exposure to non-traditional Islamic belief systems. This course considers why and how Muslims are embracing the Christian, Buddhist, agnostic, atheistic and other belief systems. Reasons why Muslims are leaving Islam and pedagogies used to teach them new belief systems are considered.

IS 630 Christian-Muslim Relations Throughout History**3 Credits**

History between Christians and Muslims is turbulent. The content of this course reflects on Christian-Muslim relations from Pentecost (nations mentioned on the Day of Pentecost that are now Muslim nations) until the Crusades. Reflection continues from the Crusades to the Iranian Revolution in 1979 and concludes with Islamic radicalisation in Muslim contexts from 1979 to the present and the impact of Christian-Muslim relations.

IS 650 Folk Islam and Power Encounter**3 Credits**

Students explore the phenomenon of Popular or Folk Islam, its roots, beliefs, practices and localized expressions, and power in the everyday life of Muslims. Develop an understanding of the worldview of Muslims, of the co-existence of Folk and official Islam, and of the types of encounters which will empower the student to respond to the felt needs. The impact of Hadith traditions, on Muslims today, is discussed.

IS 670 Women in Islam**3 Credits**

The bifurcation of women and men is the cultural norm in most Muslims societies. Islam's teachings create such societal practices. This course empowers students to understand key components in the lives of Muslim women from the teachings of the Qur'an and Hadith (supposed sayings of Muhammad). It also helps Christian women and men in their interaction with and work among Muslim women.

Leadership Development (LD)**LD 510 Contextualized Leadership****3 Credits**

Astute leaders must be able to identify and engage the context in which they live. Investigating transitions in leadership styles over the past seven decades and then applying them to a rapidly changing cultural context are valuable tools for contemporary leaders. Considering leadership through the lens of the biblical text will give the student an understanding of biblically led communities. This course will provide the analytical skills required to take organizations or ministries to a preferred future. Managing transition and conflict are key components within this course thus preparing the student with practical skills for leading in complicated and often multi-generational contexts.

LD 520 Organizational Development and Strategic Planning**3 Credits**

Established organizational development strategies do not always translate directly into building missional organizations. The interface between effective strategic planning and its application within a missional context is carefully examined within this course. The student is enabled to establish values, mission and vision and then apply them in a consistent and strategic way.

Students will explore how to manage change, cope with resistance and develop viable and sustainable missional organizations.

LD 530 Contemporary Models of Missional Leadership

3 Credits

Used to Educate

Building on previous coursework, this course seeks to allow the student to evaluate a variety of models for leadership. With an eye on sustainability and viability, the student is encouraged to explore different models, identify such models currently in practice and to be able to motivate appropriate principles for his or her own leadership context.

LD 539 Special Topics

1-9 Credits

These courses will be offered by Trinity Bible College and Graduate School as the need arises for various topics in leadership development. The title of the course will be determined by the content of the syllabus. Approval by the Dean of the Graduate School required.

LD 610 Global Scholar Seminar

3 Credits

Each year a leading global scholar will be invited to teach Leadership in a Global Context from the unique perspective of his or her area of expertise. The title of the course will be determined by the content of the syllabus. Building on the factual realities of globalization, this course is designed to develop competencies in developing a biblical worldview that responds in a Christ-honoring way to the complex issues of religious, ideological, and cultural diversity that now define the context of the twenty first century church. Understanding contemporary phenomena such as mass migration, pluralism, gender issues, and ethnic diversity are foundational to effectively leading churches and ministries that are clearly counter-cultural communities of faith. The intentional inclusiveness of Christ-following people and demonstrating an understanding in leading redemptive communities forms the theological foundation of this course.

LD 620 Generational Succession

3 Credits

This course addresses a largely ignored and under-described aspect of leadership. Of particular relevance to leaders in Western cultural contexts, this course explores the role of mentoring, transformational leadership and, importantly, the diverse roles for both older and younger leaders. Missional communities do not devalue experience, nor do they condone generationally bound communities. The student will learn to accommodate and celebrate a multi-generational approach to leadership.

Missions Studies (MS)

MS 520 Theology of Global Engagement

3 credits

Since theology impacts praxis, understanding the theology of global engagement is crucial to effectiveness. Students will study the motives for the essence of global engagement, and the central task of engaging peoples globally. This course will address such topics as how global engagement is defined, the unique distinction between global outreach terms and how the great commission should affect church practice. This course will guide students through an in-depth study of God's mission throughout the Bible. Specific attention will be given to the impact of the Day of Pentecost and Spirit-empowered global and local outreach.

Practical Theology (PT)

PT 501 Introduction to Graduate Studies

3 Credits

This is a course specifically for students who may find the step into graduate studies more of a leap than a step. This is especially true of those who last undertook formal studies a while back. In addition to life, work and family responsibilities, a graduate program can present some challenges. This course will serve as a tool to sharpen one's entry skills for the exciting journey into the MA program. The course is required for students admitted via the Alternative Pathway.

PT 510 Research Methods: Perspectives and Resources**3 Credits**

Foundational to post-graduate level study is the need to understand and become familiar with research methodology. This course is intentionally designed to prepare the student for careful, investigative research resulting in appropriate writing styles, adequate referencing and critical analysis. Analyzing, evaluating, building and presenting arguments are central to the course. Developing a familiarity with different research methodologies, data analysis and the preparation of literature reviews prepare the student to maximize the whole course but, in particular, to be prepared for the research track which comprises their own unique project.

Students must pass PT 510 Research Methods with a B- or better before being registered for further classes. If PT 510 Research Methods is not passed with a B- the student must retake the class until a B- or better is achieved.

**PT 530 Introduction to Theological Constructs and
Thought in a Global Context****3 Credits**

Christianity, rooted in Judaism and hence Jewish theological constructs and thought, originated in Jerusalem, the political capital of Judea (the Herodian Kingdom) and the center of Jewish spiritual life in the first century. Over the following centuries Christian theology has been profoundly shaped by countless influences as it spread from its original cultural location. Developing an understanding of what has shaped our theology is foundational to our ability to effectively execute our praxis in increasingly pluralistic social environments. This course examines the effects that Western theological thought has had on non-Western Christianity and invites the student to consider the implications for global Christianity and the mission of Christ to the nations.

PT 539 Special Topics**1-9 Credits**

These courses will be offered by Trinity Bible College and Graduate School as the need arises for various topics in practical theology. The title of the course will be determined by the content of the syllabus. Approval by the Dean of the Graduate School required.

PT 540 Holistic Spiritual Formation**3 credits**

The Christ-follower's spiritual formation are keys to effectiveness and longevity for global service. This course considers the biblical spiritual theology and classic spiritual formation disciplines to equip Christ's servants for life-long personal missional success as a disciple of Christ. This course addresses topics that address holistic transformation in body, mind, soul and spirit. Attention will be given to how physical well-being, mental development, soul friendships, and spiritual relationship with the Godhead completes who we are as disciples of Jesus Christ, part of the Body of Christ and our labor in the world. Historic and contemporary methods will be studied and discussed.

PT 610 Ethical Foundations for Christian Leadership**3 Credits**

In an increasingly complex environment, leaders need ethical and theological awareness in order to sustain moral and principle-centered organizations. This course seeks to familiarize the students with ethical concepts thus facilitating theological reflection and practical action in the light of the Church's moral mission in society.

PT620 Contemporary Preaching/Communication**3 Credits**

Recognizing the shift in culture and the impact of technology, this course is designed to introduce the student to the context in which preaching (which includes contextual communication) now takes place. Beginning with an affirmation of the role of preaching in the Church, the course examines cultural shift, the impacts of literary and historical deconstruction and models for communicating the timeless message of Christ in the 21st Century. Options for further research that include the use of technology in preaching, preaching in a pluralist context and exploring alternative models of church will enhance the value of this course. The student will be better able to assess the needs of his or her listeners, engage the art of storytelling and generally be better equipped to serve the contemporary church.

Rural Ministry (RM)**RM 501 Introduction to Leadership Coaching****1 credit**

Introduction to Coaching 501 teaches basic foundational skills for Christian coaching of rural leaders. Students learn the foundations of coaching, expand the understanding of the coaching relationship "drawn out" from the *imago Dei* reference. Students learn and practice active listening skills, experience participatory coaching time with active feedback, and gain skills, confidence, and coaching for spiritual growth.

RM 502 Intermediate Leadership Coaching**1 credit**

Practical expressions of Pentecostal leadership coaching engages students through creative lenses for ministry opportunities and challenges in the context of the local church. Participants use coaching models to engage in spiritual development, significance of personal mission, life message indicators, and joy in the spiritual journey. The coaching skills and application employ faith conversations to move deeper in their commitment to Christ. This dialogue approach provides an effective model for evangelism and discipleship.

RM 503 Advanced Leadership Coaching**1 credit**

Practical Pentecostal expression of Advanced Leadership Coaching assists the students as coaches to mobilize others for ministry opportunities and overcoming local church challenges. This class engages coaching models of *missio Dei* mobilization, integrating mentorship skills,

employing faith coaching conversations, spiritual formation, pursuing God's call, and personal 'life message.' Advanced Leadership Coaching for mobilization advances coaches training and application.

RM 510 Rural Community Connection and Evangelism

6 credits

Partnering with Crossroads Assembly of God in Valentine, ND and Rural Compassion (a ministry of the Assemblies of God) that would include discussions with local 'stakeholders' on how to best serve the rural community facilitating conversations with school superintendents, social workers, fire chiefs, police chiefs, and the chamber of commerce.

**RM 610 Rural Church Multiplication and Mobilization/
Church Planting and Revitalization**

6 credits

Partnering with New Life Church in Foley, MN, students will observe the host rural church plant as well as learn from multiple rural church planters who are currently leading successful church plants. Students will also discover the process, challenges, and rewards of revitalization.

RM 615 Creative Leadership for the Rural Church

6 credits

A church will host the learning experience for Creative Leadership for the Rural Church. These topics will be addressed: isolated or extremely rural, farming, ranching, Native American, scenic communities, rural areas near a city, raising indigenous leadership, connecting with other rural churches, defining values of the rural community, and character and integrity in a rural setting.

RM 620 Rural Ministry - Urban/Rural Partnerships

6 credits

A church will host the learning experience dealing with Developing Multiplying Movements for the Rural Church. This learning experience would address the engagement of spiritual events that historically moved organizations to develop movements that multiplied on a broad scale. This learning experience will engage the connection, development, and release of leaders who multiply themselves.

Secular Humanism (SH)

SH 530 Government, Society, and Family:

3 Credits

Social Theory of Secular Humanism

Contemporary secular humanism has historical roots in academic philosophy and liberal religious traditions. There are varieties of humanistic expressions that differ depending on the cultural and historical context. Humanism assumes that the highest value is man, although he does not define which man ultimately. The basics of humanism contain the idea that humanity is good; one can deal and determine the truth and thus determine what good is. Therefore, secular humanism is the direction of thinking, a way of seeing the world and worldview.

This course introduces secular humanists' views on government, society and family and presents argumentation to provide valuable discussion with their representatives.

SH 620 Transhumanism

3 Credits

'Transhumanism' refers a diverse collection of ideas that have one at least thing in common: through future technology, humanity will be fundamentally altered to an unprecedented degree. Some even believe there will come a time when, through our own action, the word 'human' will be obsolete; that we will be succeeded by entities (or an entity) for which 'human' does not apply. According to transhumanists, traditional ethics that impede the furtherance of Transhumanism require reevaluation. Most people who identify as transhumanists are, to varying degrees, proponents of such technology. They are in favor of such alterations, and they argue that these will be beneficial. In this course, we will take a critical look at transhumanist claims. This course will analyze the pros and cons of two of the more popular and plausible modes of transhumanist progress: biological and virtual. The former mode of progress assumes that advances in biotechnology will offer us unprecedented power over our own biology. An example of this thought is in LBGTQIA worldview and particularly with transgender proponents.

SH 650 Secular Humanism in Global Contexts

3 Credits

Born out of Renaissance and Enlightenment thought, propelled by scientific advancement, and spread by industrialization and urbanization, secular humanism has increased in strength since its inception in the mid-fourteenth century. However, the ideas found in secular humanism can be found in numerous non-Western, and sometimes ancient, texts from around the world. The power of secular humanism as a worldview is evidenced not only by the number of its adherents, but by the breadth of its influence in our world. It has penetrated global and religious contexts previously thought impervious to such a worldview. This course will study some of the foundational texts that secular humanists claim, how their beliefs have impacted the disparate cultures and nations of the world, including the people of their diaspora, and how the elements of this worldview have spread. We will also consider what all of this means for fulfilling the Great Commission among secular humanists.

Theology (TG)

TG 539 Special Topics

1-9 Credits

These courses will be offered by Trinity Bible College and Graduate School as the need arises for various topics in theology. The title of the course will be determined by the content of the syllabus. Approval by the Dean of the Graduate School required.

Thesis (TH)

TH 690a and TH 690b Thesis

9 Credits

The capstone of the MA programs is a research-based project (thesis) enabling the student to undertake a serious piece of academic writing in an area specific to his/her interest. To facilitate the credit load per semester, the thesis is registered in two sections TH690a is three credits registered in one semester and TH690b is six credits registered in the following semester.

DOCTOR OF PHILOSOPHY IN PRACTICAL THEOLOGY

Trinity Bible College & Graduate School (TBC & GS) is intentionally and consistently mission driven. Central to this mission is “training and educating people with theological reflection and missional passion in order that people and communities everywhere will hear the good news of Jesus and see His love demonstrated.” This also motivates a desire to serve the wider church through multiplying this mission. A PhD program uniquely prepares people to teach and train others. Our constituency has been very successful in planting institutions of learning globally. The need for both full-time and adjunct faculty in these institutions is apparent. A Trinity PhD in Practical Theology would equip such individuals.

A PhD in which well-prepared candidates can rigorously research topics within the spectrum of practical theology will prepare practitioner-scholars to serve Christ effectively. The structure in the PhD program will require rigorous scholarship, consistent peer-review, and sufficient contact hours to ensure both competencies and the character of the candidate are well developed.

General Admission Requirements

Applicants for the Doctor of Philosophy in Practical Theology with Trinity Bible College and Graduate School should demonstrate faith in Christ characterized by sound moral character and biblical convictions.

Applicants should have a Master’s level degree from an accredited college or university with a GPA of 2.5 or above. Applicants to the PhD program will submit the following:

- PhD Application
- All MA transcripts
- CV or resume
- Three references
- Academic writing sample or sample of contemporary work if no MA writing sample is readily available
- Another writing sample may be requested to supplement the academic writing sample

Applicants meeting TBC & GS’ admissions requirements are considered without regard to race, gender, or disability.

International Student Admission Standards

In addition to the requirements for admission, students who are not citizens of the United States must provide a certified financial statement or evidence of the availability of adequate support to complete a program of study without institutional assistance. The Test of English as a Foreign Language (TOEFL) may be required of applicants whose primary language is not English.

ACADEMIC POLICIES AND PROCEDURES

Transcripts

Credits may be transferred for the first two seminars if those credits fall within the following criteria: Credits for the first seminar must be from an accredited university and satisfactorily align with the learning outcomes and competency of Seminar 1; Credits for the second seminar may be transferred if the student has produced and submitted a piece of publishable work to a peer-reviewed academic journal. Evaluation of transfer credits will demonstrate evidence of competency. Students receiving transfer credits are required to attend all seminars.

Admissions files that are completed apart from an official transcript may be approved for registration under the following condition: the transcript sending college or university sends an unofficial transcript with documentation indicating that official transcripts will be sent. Students who graduate from Trinity Bible College & Graduate School with their MA and choose to apply to the TBC&GS PhD program within three years after completing their MA do not need to provide references or resume.

PhD applicants without a Bible background/degree will not be required to take an MA bridging course to be accepted into the PhD program.

Attendance Requirements

The PhD seminars are delivered via the Web.

PhD seminars are sequenced in order to aid research, writing, and dissertation development stages. The Seminar Descriptions below provide sequencing of PhD seminars.

Attendance

Students/candidates must participate in all seminars in order to progress through the dissertation development stages.

Submission of Assignments

All assignments are to follow the Turabian footnote style format and submitted electronically. Students are strongly encouraged to communicate with their professors while they are working on their research projects. The faculty of the Graduate School is committed to helping students successfully achieve the academic rigor of graduate studies.

The Graduate School has developed its own Turabian Style Sheet that students will be required to use as the primary style guide. Along with this, it is recommended that students obtain and become familiar with Turabian, Kate L. *A Manual for Writers of Research Papers, Theses, and Dissertations*, Ninth Edition. Chicago: The University of Chicago Press, 2019.

All assignments are to be submitted using the Project Submission Template provided. The professor uses this to track the ongoing dialogue of the development of the assignment. The professor will keep a copy of each comment cycle as a record. Though these interactions are not directly evaluated as part of the final grade, to underutilize this option risks a poorer grade than otherwise could be earned.

The final paper is submitted in the template included in the Project Submission Template including all interactions with the professor. It is submitted as an attachment to the appropriate student management site via Inside Trinity. The attachment must be saved as: student last name - first initial - course code. For example: Smith J PT510

Grading

Seminars will be graded on a pass/fail basis. Should a student/candidate fail a seminar they will be given the option to resubmit the work.

The dissertation shall be defended before an oral defense examination board which will consist of a Chair (moderator), an Internal Examiner (other than the supervisor of the dissertation), and

an External Examiner (expert in the candidate's field of study) appointed by the Graduate School in consultation with the candidate. Successful defense of the dissertation shall result in the awarding of the Doctor of Philosophy degree in Practical Theology. Should examiners require further work a referral will be made detailing required amendments or corrections. The completed work will be submitted to the Internal Examiner for ratification of the degree. A candidate not fulfilling these requirements shall have their candidacy terminated.

Candidacy

Successful completion of seminars 1-3 with the culmination of the acceptance of a dissertation proposal will grant the student candidacy status.

Institutional Review Board

At seminar number three, students anticipating research involving human subjects will be required to participate and successfully pass the CITI online courses regarding human subjects prior to beginning their dissertation. The students will submit the certificate of completion to their supervisor. Collaborative Institutional Training Initiative (CITI) provides peer-reviewed, web-based educational courses to ensure students are aware of the standards for research with human subjects.

Along with submitting a certificate of completion for CITI courses, the student will fill out and submit to their advisor the Application to Conduct Research with Human Subjects prior to submitting their proposal.

Defense

Successful completion of the dissertation will lead to the defense of the dissertation. The oral defense examination board shall consist of a Chair (moderator), an Internal Examiner (not the supervisor of the dissertation), and an External Examiner (expert in the candidate's field of study) appointed by the Graduate School in consultation with the candidate.

Deferment**

Students/candidates may choose to defer the timing of their PhD progress. Continuation fees will apply. The maximum amount of time the student/candidate will have to complete their PhD is seven years. Decisions to defer PhD progress should not be made lightly.

Seminar Descriptions

Doctoral Seminar One

This is an introductory seminar preparing the student for doctoral level reading and writing. Students will be introduced to the various methods of research, critically evaluate current research as it applies to their chosen discipline, and identify the potential unique contribution to knowledge made by their study. Students will submit a pre-proposal.

Doctoral Seminar Two

Students will identify, analyze, evaluate, and reflect critically on key sources relevant to their field of study. Students will submit a proposal and annotated bibliography which will be peer reviewed by faculty and students..

Doctoral Seminar Three

Students will relate the proposed field of study with life-long learning, academic analysis, reflective practice and personal spiritual formation. Students will demonstrate their understanding of research involving human subjects by successfully passing the CITI training courses. Students will produce 15,000 to 20,000 words toward their dissertation.

Doctoral Seminar Four

During the dissertation phase the candidate will work closely with a supervisor to produce and submit 15,000 to 20,000 words toward their dissertation. The seminar will consist of candidate discussions and presentations, peer review and consultation with supervisor.

Doctoral Seminar Five

During the dissertation phase the candidate will work closely with a supervisor to produce 15,000 to 20,000 words toward their dissertation. The seminar will consist of candidate discussions and presentations, peer review and consultation with supervisor.

Doctoral Seminar Six

During the dissertation phase the candidate will work closely with a supervisor to produce and submit 15,000 to 20,000 words toward their dissertation. The seminar will consist of candidate discussions and presentations, peer review and consultation with supervisor.

Doctoral Seminar Seven

During the dissertation phase the candidate will work closely with a supervisor to produce 15,000 to 20,000 words toward their dissertation. The seminar will consist of candidate discussions and presentations, peer review and final faculty assessment and approval of the dissertation.

Doctoral Seminar Eight

The final seminar will include a practice defense of the candidate's research before faculty and peers in preparation for the final defense

DOCTOR OF CONTEXTUAL LEADERSHIP

Trinity Bible College & Graduate School (TBC & GS) is intentionally and consistently mission driven. Central to this mission is “training and educating people with theological reflection and missional passion in order that people and communities everywhere will hear the good news of Jesus and see His love demonstrated.” This also motivates a desire to serve the wider church through multiplying this mission. A DCL program uniquely prepares people to lead and train others in a ministry context. The Trinity DCL helps equip them for such service.

A DCL in which well-prepared candidates can research topics within the spectrum of practical theology will prepare practitioner-scholars to serve Christ effectively. The structure in the DCL program will require rigorous scholarship, consistent peer-review, and sufficient contact hours to ensure both competencies and the character of the candidate are well developed.

General Admission Requirements

Applicants for the Doctor of Contextual Leadership with Trinity Bible College and Graduate School should demonstrate faith in Christ characterized by sound moral character and biblical convictions.

Applicants should have a Master’s level degree from an accredited college or university with a GPA of 2.5 or above. Applicants to the DCL program will submit the following:

- A DCL Application
- All MA transcripts
- A CV or resume
- Three references
- A second academic writing sample or a sample of contemporary work, if no MA writing sample is readily available

Applicants meeting TBC & GS’ admissions requirements are considered without regard to race, gender, or disability.

International Student Admission Standards

In addition to the requirements for admission, students who are not citizens of the United States must provide a certified financial statement or evidence of the availability of adequate support to complete a program of study without institutional assistance. The Test of English as a Foreign Language (TOEFL) may be required of applicants whose primary language is not English.
